

UNDER DESIGN

FACT SHEET

Miami-Dade County Department of Transportation and Public Works (DTPW)

PROJECT DESCRIPTION:

The project consists of replacing existing bridges which are moderately to severely deteriorated including fixed bridges 2 through 9, 11-12 and bascule bridge 10. Improvements will raise bridges to mitigate against sea-level rise, widen spoil islands to original footprint, wider sidewalks, new bicycle lanes and relocate utilities. It will also improve the overall safety of the corridor and provide wider green areas for recreational use.

PUBLIC MEETING:

The Department of Transportation and Public Works has scheduled a hybrid public meeting regarding this Roadway Improvement project on Wednesday, March 18, 2026, from 7:00 p.m. to 9:00 p.m. at 1000 Venetian Way, Miami Beach, Florida 33139 in the Clubhouse. The meeting will be conducted to provide area residents and businesses with information related to the design phase of the projects, and to present design plans, and other pertinent information developed by DTPW.

METHODOLOGY AND EFFORTS:

All efforts are being made to minimize the impact from the construction activities to area residents, schools, businesses, and motorists.

If you have any questions or require additional information, please contact the Department of Transportation and Public Works at (305) 375-2810 or at: venetian@miamidade.gov
