Memorandum

Date: October 15, 2020

To: Honorable Chairwoman Audrey M. Edmonson
And Members, Board of County Commission

From: Darryl Holsendolph *DH*
Chairman, Goods and Services Taskforce

Subject: Goods and Services Taskforce Report

Pursuant to Resolution No. R-429-20, sponsored by Commissioner Barbara J. Jordan and adopted by the Board of County Commissioners (the "Board") on May 5, 2020, the Goods and Services Taskforce ("GSTF") was established to offer recommendations to improve the County's process of awarding goods and services contracts, while achieving an equitable dispersal of County contracts. This is the first report to the Board on our progress and recommendations.

The first meeting of the GSTF was held on August 6, 2020. It was primarily an organizational meeting wherein the taskforce members introduced themselves and familiarized themselves with County board meeting procedures. A Chairperson and Vice Chairperson were elected (Darryl Holsendolph and Jill Klaskin Press, respectively), a work plan approach was discussed, and the next five (5) general meetings were scheduled (August 06, September 30th, October 28th, November 25th, and December 30th). At the second GSTF meeting, there was a discussion of each members top ten (10) topics they would like to address which lead to the creation of Working Groups. The intent of the working groups are to allow for a specialized and focused analysis and discussion to occur within smaller committees, and ensure the business of the GSTF can be conducted more expeditiously in a shorter timeframe. As a result, two (2) Working Groups were established as follows; (**Attachment 1**):

I. Industry/Contracts Working Group

The Industry/Contracts working group focuses on reviewing all existing contracts to find methods to improve the utilization of small businesses in Miami Dade County. Procurement, SBD and Jackson Health System (JHS) provide reports so that the working group can review and concentrate on contracts that have, but not limited to: (a) no Small Business Enterprise ("SBE") inclusion, (b) contain preference measures, selection factors, or bid waivers; or (c) the contracts are piggyback or legacy contracts. The group also focuses on seeking areas of opportunity where local SBE firms can enter or be exposed to new industries that they have been excluded from or where Miami Dade County can build local capacity.

II. New Policy Working Group

The Policy working group focuses on reviewing current policies to incorporate new procedures and amend what will improve the utilization of small businesses in Miami Dade County. The working group reviews existing SBE, Procurement and JHS policies, and provide recommendations which establish new and amend existing policies, ordinances, and programs to facilitate participation of small businesses.

It should be noted that these descriptions include potential focus areas and other topics that may not all be addressed. The GSTF Working Groups began convening the week of September 14th. The meetings were advertised and open to the public. The working groups meet once a week via Zoom over the past month with most meetings going beyond the scheduled hour. There were at least seven (7) members assigned to each working group, but all GSTF members were encouraged to participate and have done so. Among those County entities that participated in the meetings were ISD Procurement Management, Small Business Development (“SBD”) and Jackson Health System.

The *Industry/Contract Working Group*, under Chairwoman Makeba Gassant and Vice-Chairwoman Ana Maria Tris, focused on non-competitive procurement contracts such as legacy, sole source, and bid waivers. The group has been discussing the need for joint-venture mentor/protégé partnering and creating methods to provide proposers with incentive points to initiate utilization of local/SBE businesses. The group proposes to increase the SBE threshold and decrease the SBE set-aside requirements. The *Policy Working Group*, under Chairman Luis Fernandez and Vice-Chairman Irvine Headley, has been discussing ways to increase business opportunities for existing vendors, while working towards altering policies to create opportunities for local small business. That group has also reviewed the existing policies to recommend new legislation, such as creation of a Local First/Dade First Ordinance.

As a result of the working group discussions and analysis, there are eleven (11) recommendations being transmitted for the Board’s consideration (***Attachments 2, and 3***). The GSTF consists of fifteen (15) appointments, with four (4) vacancies remaining (***Attachment 4***).

In closing, the GSTF requests the Board to consider extending the Goods & Services Task Force past the sunset deadline to include 150 additional days, due to the volume of work. The extension will allow the GSTF to address an abundance of issues and make informed recommendations on select procedures and existing policies. In turn, this will enhance the economic opportunity for small businesses within Miami Dade County.

The GSTF members are available to expound on their recommendations in order to facilitate any directives or legislation that may be required to proceed. Gary T. Hartfield, SBD Director, and/or his staff attended every working group meeting and can provide further detail on the recommendations, upon request. On behalf of the GSTF, I greatly appreciate the support and feedback afforded to our mission and look forward to continued collaboration.

Pursuant to Ordinance No. 14-65, it is respectfully requested that this report be placed on the next available Board meeting agenda.

- Recommend changes, add local measures across all processes of award, research new compliance requirement, and add accountability for outcome desired.
- Creation of new policies that deals with accountability, compliance, and authority.
- Provide recommendations for accountability of departments and user's department for SBE Equity and inclusion.
- Assess and provide specific policy recommendations for renewals and extensions to county contracts.

Goods and Services Taskforce “GSTF” Recommendations

Recommendation #1: Increase the current threshold for purchases less than \$100k purchases for SBE firms to less than \$200k for All Dade County departments and JMH. Give preference to Micro 1 and Micro 2 vendors for any purchases under \$200K and to have a bid preference of 18%. Including, 9% for Micro 3 firms and giving a preference/sheltered market for Micro 1 firms for purchases less than \$20k.

Recommendation #2: Shelter an item for SBE currently requires 3 (three) vendors. SBE sheltered market to require only 2 SBE firms for it to be an SBE sheltered purchase not 3.

Recommendation #3: Remove the requirement barrier that requires SBE firms to submit 3 (three) commodity references for selling Goods/Products. The purchase of Goods should no longer require references for a transaction.

Recommendation #4: Establish a Dade County First ordinance. This is an inclusion ordinance that is designed to require all user departments including JMH to use local and underutilized SBE certified firms in their solicitations for goods & services contracts. The ordinance will require proposers who bid to submit their utilization commitment to local SBE firms on the project for related and non-related services. This can include use in their supply chain, normal business services and operations. Dade first respondents should include the value of the Dade First SBE participant and significant scoring advantage in the selection process for service.

Recommendation #5: Establish an Office of Equity and Inclusion for procurement of all Miami Dade contracts and contracts less than \$200k for Jackson Health. The office should have the authority to oversee all user departments solicitations, compliance, goal setting, and participate in the selection process for contracts. Office of Equity and Inclusion’s focus would be increasing the use of underutilized local SBE firms in the contracting process.

Recommendation #6: Create an Equitable Distribution program for Goods & Services in pool contracts. This would be one of the Dade County First Ordinance programs. Supply orders and services should be rotated among this pre-qualified pool of SBE commodity vendors. The order of the vendor rotation is periodically adjusted to account for ranking from the lowest to highest dollar amount for purchase orders assigned to each SBE vendor, that is listed on the pre-qualified pool of vendors. Participation of the vendor rotation pool is contingent on the vendor having no history of unsatisfactory performance on prior contracts. This will allow each qualified and responsive local SBE vendor to get a business opportunity during the contract period.

Recommendation #7: Extend the Goods & Services Task Force past the Sunset deadline to include 150 additional days to address an abundance of challenges for the betterment of economic opportunity for small businesses within Miami Dade County.

Recommendation #8: Require Jackson Health to have their GPO’s include SBE preferences, specifically for good & services, and particularly on items that local firms can provide, and direction on how this can be implemented.

Goods and Services Taskforce “GSTF” Recommendations

Recommendation #9: Jackson Health should utilize a Dade County or SBE firm for that good/service, with included language on such contracts on all procurement contracts through piggybacking on state contracts.

Recommendation #10: Require all proposers on non-competitive procurement contracts and bids (legacy, sole source, bid waivers, etc.) to provide a response on how they can include local businesses, SBEs, joint-venture or mentor/protégé partnering, and provide proposers with incentivized points for best utilization of local/SBE businesses, towards award.

Recommendation #11: Expire contracts after a maximum of 3 years and if the contract is renewed, the firm must include Dade county first SBE's measures. If the firm does not want to accept the project under the new terms, the contract must be posted for rebidding.

Small Business Enterprise Goods and Services

Advisory Board

August 20, 2020 Meeting Minutes

IV. New Business

Gary T. Hartfield (SBD-Director) advised that the SBD staff has been redeployed to prioritize Covid-19 related tasks. He advised that he is deferring all Small Business Enterprise (SBE) Advisory Board meetings until January 2021.

Chairwoman Kathy Emery expressed her concerns about deferring the meetings until January 2021 due to being in a critical point with the Goods and Service Task Force (GSTF). She advised that only two (2) members of the advisory board could be on the GSTF. She suggested the advisory board members provide suggestions to the task force because of their long-term efforts and understanding the Goods and Services procedures with the county. Mr. Holsendolph echoed Chairwoman Emery's sentiments. He stated that it is a critical time for small businesses that are struggling due to the impact of Covid-19. He recommends communicating and forwarding all the work that is being done in GSTF, with the Advisory Board. Mr. Holsendolph asked questions on why only two members of the advisory board were allowed on GSTF. Mr. Hartfield advised that the number of members allowed to be participants of GSTF came directly from legislation that created the task force by the Board of County Commissioners (BCC). Laurie Johnson (SBD) clarified the discussion about suspending the advisory meeting until January 2021 and advised that it will only be one (1) meeting that would be deferred in order for staff to have adequate time to provide the reports requested by each advisory board.

Mr. Holsendolph requested all information from GSTF to be forwarded to the Goods & Advisory board, including meeting dates and times. Mr. Hartfield (SBD Director) advised all meetings are publicly advertised.

Daryl Holsendolph motioned to defer the October 2020 meeting until January 2021 with the condition that all correspondence from GSTF be forwarded to the Goods & Services Advisory Board members. Chairwoman Kathy Emery seconded the motion. (Approved 7-0)

Carmen Baker suggested to require everyone in the meeting to have their cameras on during all virtual meetings. Chairwoman advised that it shouldn't be a requirement for all individuals to have their cameras on due to technical difficulty. Michou Jeana (SBD) clarified that only board members are required to show video to justify quorum.

Miriam Collada-Myers suggested to receive all agenda items prior to the GSTF meeting so that the Goods and Services Advisory Board members can have time to provide the necessary recommendations and be prepared for the
