Subject: Program Management Consultant RTA
Importance: High

Vivian and all:

An oversight was made regarding prime's technical certifications.
Prime must have the following categories:

- 5.01-Port and Waterways Systems-Engineering Design
- 5.02-Port and Waterway Systems-Architecture Design
- 17.00-Engineering Construction Management
- 18.00-Architectural Construction Management

As a result, we are withdrawing RTA and will resubmit ASAP.

Thank you,

*Jose Luis Posada, R.A.
Manager, Architecture & Planning*
