Reasons for Recommendation

An analysis of the factors contained in the project package as well as the factors contained in Section V.B.2.B. of I.O. 3-32 and the responses of the certified SBE-A/E firms to the Verification of Availability to Propose process indicates that a 100% SBE-A/E Tier 3 Set-aside is appropriate for this contract.

This project was resubmitted to re-establish SBE-A/E firms availability to apply the appropriate measure. Due to less than three SBE-A/E Tier 1 & 2 firms being available in the required prime technical categories the measure was changed from a Tier 2 to a Tier 3 SBE-A/E Set-aside measure.
