PROJECT NUMBER:	E21-PROS-02
PROJECT TITLE:	Professional Services Agreement (PSA) for Crandon Park Basin Dredging Phase I
PROJECT LOCATION:	4000 Crandon Boulevard, Key Biscayne, FL 33149

SCOPE OF WORK/DESCRIPTION: There are several areas in the Crandon Park Marina which are experiencing accumulation of sand and sediment creating issues to the boat users. Miami-Dade County Parks, Recreation and Open Spaces Department (PROS) seeks the professional services of a prime consultant for all the areas that are in need for dredging and definite solution to the problem. It is desired to have a minimum depth of 6 feet at low tide throughout and additionally Slip No. 2 historically has been presenting accumulation of material within the slip and a solution to prevent the slip from filling with sand and sediment again is necessary. The selected consultant will report directly to the PROS Project Manager.

SPECIAL REQUIREMENTS: The Prime Consultant must hold technical certifications 5.08, 5.09 and 17.00 and hold active professional registration status as required by the State of Florida. Prime Consultant, through full time-personnel, must demonstrate a preferred minimum of five (5) years of experience as the prime consultant on similar projects with project scopes that are comparable to the Project Scope of Services for this project. A preferred minimum of three (3) of these projects must have been completed within the last ten (10) years.
