Contract Measures		
Measure	Program	Goal Percent
No Measure	SBE - A&E	

Reasons for Recommendation

SMALL BUSINESS ENTERPRISE- ARCHITECTURAL AND ENGINEERING (SBE-A&E).
 SBD reviewed this project pursuant to Implementing Order 3-32 for SBE-A&E measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. These indicate that an SBE – A&E No Measure is appropriate for this contract due to the funding source (Federal Funds).

DTPW intends to retain three (3) consultants under a separate, but identical non-exclusive Professional Service Agreement (PSA). No minimum amount of work or compensation will be guaranteed to the selected consultant.

Although an overall DBE goal will not be assigned to the three agreements, work orders generated under the individual agreements with federal and/or state funding, will be assigned individual DBE goals. Work Orders which solely utilize local funds will be forwarded to the Office of Small Business Development for determination of small business measures.
