Reasons for Recommendation

This project was resubmitted due to the expiration of the six (6) month time to advertise period. E24TP01 will establish a pool for firms certified in Technical Categories (TCs) 15.01, 15.02, 15.03 and 15.04 to provide general land and engineering surveying services.

An analysis of the factors contained in the project package, as well as the factors contained in Implementing Order 3-32 indicates a No Measure is appropriate for this contract due to the fact that E24TP01 will establish a number of agreements determined by the number of qualified proposers who submit a proposal and will be assigned on a rotational basis.
