

Memorandum

Date: April 3, 2018

To: Gary Hartfield, Division Director
Small Business Development Division
Internal Services Department (ISD)

From: Julie Balogh, Manager 
Airports & Contracts Section
Environmental Monitoring and Restoration Division
Division of Environmental Resources Management (DERM), RER

Subject: SBE-CONST Goal for E14-RER-03, Project #008-D14/03-AMEC, Monitoring Well, Data Logger and Surface Water Monitor Installation and Sampling associated with the FPL Turkey Point site, located between Card Sound RD and Florida City Canal, on behalf of the Division of Environmental Resources Management (DERM), RER

SENT VIA EMAIL

This is a request for Review Committee (RC) approval of the proposed Small Business Enterprise Construction (SBE-CONST) goal in order to proceed with monitoring well and data logger installation (drilling), and sampling under the E14-RER-03 Professional Services Agreement for Project #008-D14/03-AMEC, Monitoring Well, Data Logger and Surface Water Monitor Installation and Sampling associated with the FPL Turkey Point site, located between Card Sound RD and Florida City Canal, on behalf of DERM-RER.

The subject project consists of the installation (drilling) and sampling of six monitoring wells, the installation of data loggers and surface water monitors, a survey and reporting. This contract, a work order originating from the E14-RER-03 Professional Services Agreement, has been assigned to AMEC Foster Wheeler Env. & Infrastructure, Inc. who will subcontract the drilling work.

The Department of Regulatory and Economic Resources, Division of Environmental Resources Management (DERM), RER staff has evaluated the project and recommends a 0.0% SBE subcontractor goal for this project (please see attached Analysis for SBE-CONST Goal Recommendation). At this time, DERM is not aware of any SBE certified monitoring well installation/drilling companies on the SBE list. Therefore, DERM requests an exemption from the requirement to utilize SBE subcontractors for this project. Please advise DERM in the event of availability of SBE drilling companies.

Thank you for your attention to this matter. If additional information is required, please call me at (305) 372-6700.
