Subject: SBE-CONST Goal for E14-RER-03, Project #022R1-D14/03-WOOD, PFAS Assessment at the Miami International Airport, on behalf of the Miami-Dade Aviation Department (MDAD)

SENT VIA EMAIL

This is a request for Review Committee (RC) approval of the proposed Small Business Enterprise Construction (SBE-CONST) goal in order to proceed with monitoring well/ soil boring installation under the E14-RER-03 Professional Services Agreement for Project #022R1-D14/03-WOOD, PFAS Assessment at the Miami International Airport, on behalf of the Miami-Dade Aviation Department.

The subject project consists of the installation (drilling) of nine sets of nested monitoring wells, the advancement (drilling) and sampling of five soil borings, sampling of surface water, sediment and existing monitoring wells, and reporting. This contract, a work order originating from the E14-RER-03 Professional Services Agreement, has been assigned to Wood Environment & Infrastructure Solutions, Inc., Inc. who will subcontract the drilling work.

The Department of Regulatory and Economic Resources, Division of Environmental Resources Management (DERM), RER staff has evaluated the project and recommends a 0.0% SBE subcontractor goal for this project (please see attached Analysis for SBE-CONST Goal Recommendation). At this time, DERM is not aware of any SBE certified monitoring well installation/drilling companies on the SBE list. Therefore, DERM requests an exemption from the requirement to utilize SBE subcontractors for this project. Please advise DERM in the event of availability of SBE drilling companies.

Thank you for your attention to this matter. If additional information is required, please call Gregory Sitomer, the project manager, or me at (305) 372-6700.
