Reasons for Recommendation		
SMALL BUSINESS ENTERPRISE – CONSTRUCTION (SBE-Con) An analysis of the factors contained in the project package, as well as the factors contained in Section VI.D. of Implementing Order 3-22 indicates that a SBE-Construction (SBE-Con) Trade Set Aside measure is appropriate for this contract in the following trades: - Highway, Street, and Bridge Construction (Sidewalk and/or Curb & Gutter, including ADA items) and - Painting and Wall Covering Contractors (Paving Marking and Signage Work) An attempt was made to make this project a Set-Aside however, only one (1) firm responded to the Verification of Availability to Bid process as being able to meet the project's requirements. This project is work order driven.		
SMALL BUSINESS ENTERPRISE - GOODS & SERVICES (SBE-Goods and SBE-Services) An analysis of the factors contained in the project package, as well as the factors contained in Implementing Order 3-41 indicates a No Measure is appropriate for the Goods and Service portion of this contract due to the lack of certified firms in the required commodities.
