Reasons for Recommendation

SMALL BUSINESS ENTERPRISE- CONSTRUCTION (SBE-Con)
 SBD reviewed this project pursuant to Implementing Order 3-22 for SBE-Con measure. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. Additional factors included surveys conducted with certified firms to determine availability and assignment of the noted measure. These indicate a SBE-Con No Measure is appropriate for this contract due to the insufficient availability of certified firms capable of meeting the project's requirements. An attempt was made to assign this project an SBE measure, however, only one (1) firm responded to the Verification of Availability to Bid process as being able to fulfill the project's requirements.
