Memorandum

To:

Gary Hartfield, Director

Small Business Development Division

From:

Monique Perez, PROS Contract Administrator

Parks, Recreation and Open Spaces Department

Subject:

Quail Roost - Playground Expansion C60060116001

We respectfully request that you review the attached recommendation for CSBE and SBE Construction goals.

This playground expansion shall include the installation of new playground equipment, Poligon shelter, lightning system, pavers, concrete walkways, concrete foundations, CMU wall, concrete benches, concrete curbing, PIP Resilient Surface, Engineered Wood Fiber Surface (EWF), benches, bike rack, picnic tables, trash receptacles and perform site preparation, earthwork and earth mound as shown on plans and described herein. Also included is the installation of new trees, root barriers, sod, and plant materials as shown on construction documents. Demolition of the existing playground concrete curb, temporary accessible route, Artificial Turf, excavation a minimum of 12" inches of the existing material under the Artificial Turf, properly disposed of the material, and provide and install 12" inches of EWF (Engineered Wood Fiber Surface) Restoration of all areas, which are damaged during the construction process. Project No. 60060116001

Estimated Cost: \$636,400.00

Miami-Dade County Parks, Recreation and Open Spaces Department (PROS) is requesting that the General Contractor be in business at least five (5) years, having completed at least two (2) comparable projects similar in size and scope to the subject project, with a Certified Playground Safety Inspector (CPSI) Certification held by Owner, principal or direct employee of the company actively engaged in the scope of work.

Due to the specialized nature in the scope of the work involved, PROS respectfully requests that SBD consider a 1.66% SBE Construction Goal for Site Demolition services, 1.03% for Fencing, 2.95% Concrete and 3.15% for Site Earthwork. Landscape is approximately 11.16% of the project. PROS' believes that the referenced demolition, fencing, site earthwork can be performed by SBE Construction single trade firms without the required experience. The rest of the work will require the experience detailed above.

Thank you in advance for your cooperation.

Project No.: 60060116001									
Contract/Project Title: Quail Roost - Playground Expansion									
Description/Scope of Work: This playground expansion shall include the installation of new playground equipment, Poligon shelter, lightning system, pavers, concrete walkways, concrete foundations, CMU wall, concrete benches, concrete curbing, PIP Resilient Surface, Engineered Wood Fiber Surface (EWF), benches, bike rack, picnic tables, trash receptacles and perform site preparation, earthwork and earth mound as shown on plans and described herein. Also included is the installation of new trees, root barriers, sod, and plant materials as shown on construction documents. Demolition of the existing playground concrete curb, temporary accessible route, Artificial Turf, excavation a minimum of 12" inches of the existing material under the Artificial Turf, properly disposed of the material, and provide and install 12" inches of EWF (Engineered Wood Fiber Surface) Restoration of all areas, including walkways and lawns, which are damaged during the construction process.									
Estimated Cost: \$636,400.00 Funding Source: CIIP									
Location of Project: Quail Roost Park – 11336 SW 186th St, Miami, FL 33157
