Reasons for Recommendation

An analysis of the factors contained in the project package, as well as, an analysis of Implementing Order 3-22 indicates a No Measure is appropriate for this contract due to insufficient availability.
The Department of Regulatory and Economic Resources (RER) requests an exemption from the requirement to utilize an SBE-Cons subcontractor for this project due a lack of a certified SBE monitoring well and soil boring installation/drilling or trenching/excavation firm. The work order has been assigned to AECOM Technical Services, Inc.
