Project/Contract Title: CDWWTP 90-INCH OCEAN OUTFALL PERMANENT REPAIR OF THE 90-INCH VALVE STRUCTURE
Project/Contract No: RPQ NO. P0212
Department: WATER AND SEWER
Estimated Cost of Project/Bid: \$376,696.00

Received Date: 03/01/2018

Funding Source:
WASD FUNDS

Resubmittal Date(s): 03/02/2018

Description of Project/Bid: The project consists of providing all labor, equipment and supplies to perform a permanent repair over the leak (temporarily patched on 8/5/2015) at the top of the existing 90" plug valve structure that is a part of the Central District Wastewater Treatment Plant (CDWWTP) 90" ocean outfall pipeline. The permanent repair includes the installation of a mechanical seal and construction of a tremie slab over the existing 90" plug valve structure. The work of this project includes, but is not limited to, immediate mobilization; providing the services of commercial divers; complying with OSHA requirements; furnishing and installing materials for the repair; furnishing and installing materials necessary for the mechanical seal; constructing a new tremie slab; furnishing and installing concrete, reinforcing and grout materials

Measure
No Measure

Program
SBE/CONS

Goal Percent

An analysis of the factors contained in Implementing Orders 3-22 indicates a No Measure is appropriate for this contract.

Note: Project RPQ No. P0212 was reviewed for SBD/Construction measure. Based on the scope of services (Permanent repair of a subaqueous 90-inch concrete pipe, located 3/4 of a mile off-shore) and specialization (work must be performed from an offshore barge or sea going vessel and involve the services of commercial divers to furnish and install all materials for a mechanical seal involving the installation of concrete, reinforcing and grout for a saltwater environment, construct a new tremie slab above the existing 90-inch plug valve structure and provide video documentation of repair, including TV inspection prior to, during and upon completion of the work) no SBD/Construction measure could apply. Although a Verification of Availability to Bid was sent to all certified SBE/Cons firms in the applicable trade, no SBE/Cons firms responded as being able to meet the project requirements.
