Reasons for Recommendation

An analysis of the factors contained in Implementing Orders 3-22 indicates a No Measure is appropriate for this contract due to insufficient availability. This project will be solicited under the pre-qualified trenchless technologies pool (RTQ-00298) of contractors. Under the pre-qualified trenchless technologies pool only one (1) out of thirteen firms (13) was a certified SBE/Cons firm. The awarded firm will self perform the scope of work and as such there are no subcontracting opportunities for SBE/GS firms.
