DESCRIPTION OF PROJECT:

This project consists of the construction of five (5) deep injection wells and two(2) dual-zone monitoring wells at the North District Wastewater Treatment Plant (NDWWTP), located at 2575 NW 156 ST, Section 16, Township 52, Range 42, Miami-Dade County, Florida 33160. It is one in a series of projects required for compliance with the State of Florida’s Ocean Outfall Legislation and is being processed under Section 2-8.2.12 of the Code, entitled Miami-Dade Water and Sewer Department Consent Decree and Capital Improvement Programs Accelerate Ordinance.

The scope of work includes, but is not limited to, furnishing all materials, labor and equipment necessary to construct five (5) injection wells approximately 3,300 feet deep, two (2) monitoring wells approximately 1,500 feet deep and all necessary drilling pad monitoring wells, drilling pads, site work, and wellhead piping as described in these specifications. This work also includes the design and construction of all temporary utilities necessary to construct the injection wells including piping for formation discharge water, injection test water, drilling and piping for surficial water wells, and electrical power.

NOTE: - WASD has received funding for this project from both WIFIA & SRF.

LICENSES: The types of licenses required are: State General Contractor (Prime), General Engineering Contractor (Prime) and/or other categories as applicable by Chapter 489 of the Florida Statutes or Chapter 10 of Miami-Dade County Code.

CWP PARTICIPATION: Is not Applicable, project is not located in a DTA.

SBE- GOODS AND SERVICES:

The Department has evaluated the project for possible opportunities for participation in the area of SBE – Goods and Services. The work consists of the construction of several deep wells, the drilling of which are performed on a continuous 24-hour schedule upon commencement. Based on the scope and nature of the work, we have concluded that are limited opportunities for participation in this area. The possible area of subcontracting is in the area of sitework and drill fluid management, which is included as a dedicated allowance. Please find below the SBE analysis for goods & services and the project description.
