Department Head or Authorized Agent

DESCRIPTION OF PROJECT:

This project is one in a series of projects that are being processed under Section 2-8.2.12 of the Code, entitled Miami-Dade Water and Sewer Department Consent Decree and Capital Improvement Programs Acceleration Ordinance.

The project consists of furnishing all labor, materials and equipment necessary for rehabilitating 8-inch through 36-inch diameter sanitary sewer pipe faults by the cured-in-place sectional lining method, under different work orders, at different locations, anywhere within the limits of Miami-Dade County, Florida, as ordered by WASD during a one-year period. This is a non-exclusive contract, and as such, the Department may issue other similar contracts for this type of work, and therefore does not guarantee that the full amount of the contract work as listed in the proposal will be issued to the contractor. The actual amount of work orders assigned will be the prerogative of WASD in its sole discretion and dependent only upon its needs.

The work will also include the following: reinstatement of service laterals, installation of pipe liners in easement areas, cleaning and video inspections, supplementary cleaning of the sewers to be repaired, and removal and proper disposal of solids as required, by-pass pumping of sewage, maintenance of traffic, and all other appurtenant and miscellaneous items and work for a completed Project. The work shall be accomplished through sanitary sewer manhole openings, without disturbing any utility, street surface, or adjacent property.

CONSIDERATIONS FOR ANALYSIS:

1. This project involves issuance of work orders for the repair of sewer faults and defects via trenchless sectional lining technology. Each repair involves the installation of an approximately 15 feet long liner. The overall repair, including cure time is accomplished within several hours.
2. The work shall be accomplished through sanitary sewer manhole openings, without disturbing any utility, street surface, or adjacent property.
3. **Therefore, this project is recommended for SBE-Constr “Set Aside”.**

LICENSES: The types of licenses required are: State General Contractor, General Engineering Contractor and/or other categories as applicable by Chapter 489 of the Florida Statutes or Chapter 10 of Miami-Dade County Code.

MINIMUM CONTRACTOR EXPERIENCE:

Each bidder must submit proof that his/her firm has been regularly and successfully engaged in the installation of section liners in sanitary sewers for a minimum of one(1) year, and has successfully performed an aggregate amount of at least 400 repairs in the United States, for the bid to be acceptable.

COMMUNITY WORKFORCE PROGRAM

CWP PARTICIPATION: Not applicable, project is Work Order driven and each repair will be completed within a few hours of mobilization.

Recommendation - Set Aside				
Item	Description	Cost	Availability	SBE-Con
1	Installation of Sectional Lining	874,450.00	84.22%	84.22%
2	Replacement of Manhole Corbels	2,500.00	0.24%	
3	By-pass Pumping	9,000.00	0.87%	
4	Maintenance of Traffic (M.O.T.)	10,000.00	0.96%	
5	Lateral Reinstatement	48,000.00	4.62%	
6	Subtotal	943,950.00		
7	Contingency Allowance (10%)	94,395.00	9.09%	
8	SBE TOTAL	1,038,345.00	100.00%	

ANALYSIS FOR SBE-GOODS & SERVICES:

1. This project involves the repair of sewer faults and defects via cured-in-place sectional lining technology. Goods to be utilized is comprised of the sectional liner system proposed for use.
2. The Department has evaluated the project for possible opportunities for participation in the area of SBE – Good and Services. In general, the work consists of repairing sewer defects via trenchless means.
3. Our recommendation is a “No Measure” in the area of SBE-Goods and Services:
