### Reasons for Recommendation

#### SMALL BUSINESS ENTERPRISE - CONSTRUCTION (SBE-Con)

An analysis of the factors contained in Implementing Order 3-22 indicates a No Measure is appropriate for this contract. This project was previously bid under the MCC 7040 program as RPQ No. I190008 & I190008R and no bids were received. SBD polled the SBE-Con firms by sending the solicitation to sixty-three (63) electrical contractors but three (3) or more firms did not respond as being able to meet the project requirements.

Since this project consists of primary electrical trade scope of work, there are no subcontracting opportunities available.
