ARENA NAMING STAFF UNIFORM PURCHASE SCOPE

The Arena is requesting proposals from qualified vendors to provide environmentally sustainable, highly specialized uniforms for full-time and part-time staff at the Arena.

APPROXIMATE COST:

GENERAL REQUIREMENTS

1. The vendor shall provide uniforms (shirts, polos, hoodies, and pants) for approximately 400 staff members. Uniform tops shall have Arena logo embroidered no iron-on patches.
2. The vendor must be able to provide full design of all garments and will need to use specific colors such as #00A6C3, PMS 631; #00BBD3, PMS 3115; #97D7E4, PMS 635; #AA1E2E, PMS 187; Steel Grey and specific fonts such as: Light, Light Oblique; Book, Book Oblique; Roman, Roman Oblique; Medium, Medium Oblique; Heavy, Heavy Oblique; Black, Black Oblique. Arena will provide logo.
3. The vendor shall provide exact items as indicated; no substitutions and shall have the ability to customize products as needed.
4. The vendor must have more than ten (10) years of professional experience, prior training, and applicable professional judgement to perform the activities or deliver the goods stated in this RFI.
5. Samples of product shall be provided by the vendor.
6. All garments need to be produced in ethical facilities to ensure fair working conditions, living wages and health and safety regulations are adhered to. The vendor will need to have an anti-slavery and human trafficking policy to go with this.
7. If using RPET fabrics, we require the ability for the vendor to show full traceability of production through the entire process of garment manufacturing. This includes the transparency of the raw plastic input into the RPET fabrics and into the end garments.
8. If using RPET fabrics, we require the vendor to have the ability to use our own plastic waste in the manufacturing of fabrics provided to us to ensure we can tell the full circular story with our uniform.
9. The vendor must also monitor and control the laundering process to minimize water usage intensity as well utilize wastewater treatment technologies to increase the amount of water that can be reused by the provider.
10. Delivery of products needs to be in carbon neutral or in low-emissions delivery methods and shall be delivered to our facility no more than thirty (30) days after placing order.
11. In order to reduce carbon footprint by avoiding landfill waste, the vendor must have the ability to recycle existing out of service uniforms and provide a Certificate of Destruction showing total number of pounds received and recycled.
12. The vendor must utilize eco-friendly fabrics such as Sorona, Bamboo, Organic Cotton, RPET, Tencel, and others.
