Line-Interactive UPS Project

Product description, material numbers, and quantities listed below.

PROJECT DESCRIPTION: Enterprise grade (rack mount) uninterruptable power supplies providing emergency power and line conditioning with replaceable internal batteries. Hardware includes network management interfaces with SNMP and email alerting capabilities. Hardware provides sufficient emergency power adequate to replace End-of-Life battery backups currently supporting commercial class I.T. network infrastructure. Vendor will also provide removal, relocation, installation, and warranty services.

LINE ITEMS: Eaton 5PX Line-Interactive UPS

VENDOR REQUIREMENTS & FINANCIAL TERMS:

- ✓ Must provide Eaton 3 Year UPS & Battery Limited Warranty passed thru to end user.
- ✓ Vendor must also provide a minimum of 5 year extended warranty on Eaton hardware replacement and provide evidence to demonstrate its ability to provide manufacturer's authorized warranty services for the entire term.
- ✓ Vendor must stock all inventory/replacement parts that comprise functional deliverables within the USA, with ability to deliver such replacement parts within 24 hours of notice.
- ✓ On-line warranty registration required.
- ✓ Must provide Network and Power Connections along with Network programming.
- ✓ Must provide Project Coordination and Technical Assistance Services.
- ✓ Payable upon complete and successful delivery; complete and successful installation; and upon proof of performance and acceptance by purchaser.

TIMELINE:

- Procurement of materials and installation of hardware must be completed no later than 28 days.
- Vendor must submit a schedule of anticipated work days to Chief Technology Officer for approval and must account for events as follows:
 - Crews must be available to work after 5pm until 2am on weekdays and full 24 hour availability during weekend hours

INSURANCE REQUIREMENTS:

- Vendor shall purchase and maintain during the entire project and for two years after project completion insurance with the minimum limits and coverage shown below from insurance companies acceptable to ("BPL"). BPL has the right to reject unacceptable insurance carriers.

STANDARD INSURANCE REQUIREMENTS

Coverage Type	Limits
General Liability	\$1,000,000 Per Occurrence; \$2,000,000 General Aggregate; \$2,000,000 Completed Operations Aggregate
Auto Liability (All Hired Non-Owned)	\$1,000,000 for all jobs
Worker's Compensation	Statutory Limits; \$1,000,000 Employers Liability

- Vendor shall carry standard ISO General Liability coverage, written on an occurrence basis - including Completed Operations. Coverages on an occurrence basis shall be maintained without interruption from date of commencement of the Vendor's Work until date of final payment or date coverage is required to be maintained after final payment to the Vendor, whichever is later. The coverage must be endorsed to name [REDACTED] Properties, Ltd., City of Miami, and Miami-Dade County as additional insured on a primary and non-contributory basis.
