Reasons for Recommendation

SBD reviewed this project pursuant to Implementing Order 3-22 for SBE-Construction Measures. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. Additional factors did not include surveys to certified firms due to insufficient availability.

A **No Measure** is appropriate for this project.

There are six (6) SBE certified firms under these codes, however none of them responded as being able to meet the project requirements.
