Reasons for Recommendation

SBD reviewed this project pursuant to Implementing Order 3-41 for SBE-Goods & Services Measures. Project information analyzed included the project's scope of services, estimated project cost, minimum requirements/qualifications and funding source. Per market research the services being requested by MDRF are readily available in the market, they are a participant in ET3 Model and must conform to the requirements that were established by CMS. Additional factors did not include surveys with certified firms to determine availability due to insufficient availability.

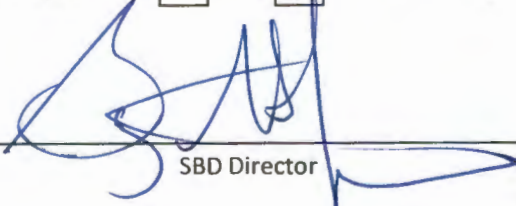

A **No Measure** is appropriate for this project as this is a Bid Waiver awarded to STS (Specialty Telehealth Services).

There are no SBE certified firms under this commodity code.
