<p><u>Description:</u></p>	<p>The purpose of this solicitation is to establish a contract for the purchase of flat tire repair road service and tire replacement repairs at various County departments shops.</p>
----------------------------	--

ANALYSIS

Revised April 2005

2.1 PURPOSE

The purpose of this solicitation is to establish a contract for the purchase of Flat Tire Repair Road Service and Tire Replacement Repairs at various County departments shops. The seven groups are categorized as follows:

- Group I: Flat Tire Repairs for the Internal Services Department (ISD) Fleet Management Division
- Group II – Road Service Tire Replacement Repairs for Department of Transportation and Public Works (DTPW)
- Group III – Spare Tire Repairs For ISD's Fleet Management On Shop Premises
- Group IV – Flat Tire Repairs and/or Replacements For Water And Sewer Department (WASD)
- Group V –Tire Replacement/Repair at WASD Shop Locations
- Group VI – Flat Tire Repairs and/or Replacements For Miami-Dade Fire Rescue (MDFR)
- Group VII - Tire Replacement/Repair at MDRF Shop Locations
- Group VIII – Flat Tire Repairs and/or Replacement For Miami-Dade Aviation Department (MDAD)
- Group IX - Tire Replacement/Repair at MDAD Shop Locations

2.2 TERM OF CONTRACT

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Blanket Purchase Order which is distributed by the County's Internal Services Department, Procurement Management Services Division, and contingent upon the completion and submittal of all required bid documents. The contract shall expire on the last day of the last month of the five (5) year period.

2.3 METHOD OF AWARD

Award of each group will be made to the lowest priced responsive, responsible Bidder who submits an offer on all items listed in each group, whose offer represents the lowest price when all items are added in the aggregate for each group.

2.4 PRICES

If the Bidder is awarded a contract under this solicitation, the prices proposed by the Awarded Bidder shall remain fixed and firm during the first three (3) years of the contract.

Yearly price adjustments will be considered if submitted ninety (90) days prior to the commencement of the fourth and fifth year of the contract. If no adjustment request is received from the Awarded Bidder(s), the County will assume that the Bidder(s) have agreed that there will be no price increases. Any adjustment request received after the commencement of the fourth and fifth yearly period may not be considered. Price adjustment requests are allowed to be applied at the beginning of each subsequent year (year 4 and year 5).

2.4.1 The County may consider an adjustment to price for the fourth and fifth year, based on changes in the following index:

- a) Adjustment to of this Group based on changes in the following index not to exceed a three percent (3%):

Consumer Price Index for All Urban Consumers (CPI-U), Series ID:
CUURA320SATCLTB,CUUSA320SATCLTB Not Seasonally Adjusted Series
Title: Transportation commodities less motor fuel in Miami-Fort Lauderdale, FL, all urban consumers, not seasonally adjusted.

2.5 INSURANCE

Additional or revised insurance requirements may be necessary when performing work in certain County facilities that limit or restrict access.

2.6 AVAILABILITY OF CONTRACT TO OTHER COUNTY DEPARTMENTS

Although this solicitation is specific to County Departments, it is hereby agreed and understood that any other County department or agency may avail itself of this contract.

SECTION 3 – TECHNICAL SPECIFICATIONS

3.1 GENERAL REQUIREMENTS

- 3.1.1 All work performed by the awarded bidder shall be of a level of quality consistent with the industry standards in general.
- 3.1.2 Wheel or rim installation shall be in conformance with Original Equipment Manufacturer's recommendations as to torque, tightening sequence, truing and inflation pressure.
- 3.1.3 In any case where a tire and/or tube is beyond repair, a replacement tire/tube will be supplied by the County and the damaged tire/tube returned to the shop originating the call for service.
- 3.1.4 Spare tire is defined as any tire not mounted on a vehicle, reserved for future need.
- 3.1.5 Road service will be defined as any service provided on vehicles not on County vehicular repair facilities.

3.2 FLAT TIRE REPAIRS FOR INTERNAL SERVICES DEPARTMENT (ISD) FLEET MANAGEMENT DIVISION

3.2.1 Group I - Road Service Tire Replacement/Repair for ISD

Road Service including Flat Tire Repair (dismount, repair, remount and install) for one(1) tire for all vehicles in various categories anywhere in Miami-Dade County. Replacement of valve stem and/or cap will be required and included as needed. This service shall be available 24 hours per day, 7 days per week. Response time shall be one (1) hour or less from notification by the County, no other response time will be acceptable. Should the awarded bidder be required to pick up a replacement tire at any time during the service call, and/or return the defective tire to the shop originating the call after completion of services, it will be done as part of the service call and considered included in the price quoted. Equipment may be loaded, unloaded or partially loaded. Most of the service calls will be during daylight hours.

There may be rare instances when a vehicle has more than one flat tire. In these cases all additional flat tires on the vehicle will be repaired and charges will be made based on 30% of the awarded charge for the service call per group for each additional tire.

3.2.2 Vehicle Categories

Vehicle categories for Group I are as follows:

3.2.2.1 CATEGORY A

All cars, vans, wagons, utility vehicles and single rear wheel pickup truck tires.

3.2.2.2 CATEGORY B

All dual wheel pickup truck tires and all other single or dual-wheel medium and heavy duty truck and trailer type tires up to and including 12 R 22.5 , regardless of the vehicle they are on.

3.2.2.3 CATEGORY C

All single medium and heavy duty truck duty flotation type tires with widths sized greater than 12 R 22.5, on 22.5 inch or greater rims.

3.2.2.4 CATEGORY D

Various pneumatic off-road construction equipment, agricultural equipment and implement tubeless and tubed tires, Regardless of the vehicle they are on.

3.2.3 Additional Invoice Requirements for ISD

For all tire repairs or replacements performed under provisions of section 3.2 the awarded bidder shall provide the following information on tire repairs or replacements to the shop foreman where calls originate, no later than one week after such repairs are performed.

- A. Date and Time of repair (A.M. - P.M.)
- B. Location of Vehicle being repaired.
- C. Miami-Dade County vehicle number being repaired.
- D. The tire position on the vehicle of the tire(s) repaired or replaced.
- E. Signature of the operator or County representative
- F. Any additional charges shall be listed
- G. Tube and/or tire size used.

3.3 Group II - Road Service Tire Replacement Repairs for Department of Transportation and Public Works (DTPW)

3.3.1 Road Service Tire Replacement/Repair for DTPW

Road Service including Flat Tire Repair (dismount, repair, remount and install) for one(1) tire for all vehicles in various categories anywhere in Miami-Dade County. Replacement of valve stem and/or cap will be required and included as needed. This service shall be available 24 hours per day, 7 days per week.

Response time shall be one (1) hour or less for road service from notification by the County, no other response time will be acceptable consisting of replacing flat tire/wheel assemblies with serviceable tire/wheel assemblies, B305/85RxR22.5; 285/70Rx19.5; B305/70Rx22.5; and B315/80Rx22.5 on Metrobus fleet, anywhere in Miami-Dade County

and South Broward County (as far north as the Diplomat Mall, Hallandale Beach, FL (Broward County)). No repairs.

3.3.2 Flat Tire Replacement anywhere in Miami-Dade County: Replace up to 2 tire/wheel assemblies on the same road service call, same axle.

3.3.3 Flat Tires anywhere in South Broward County: As far north as the Diplomat Mall, Hallandale Beach, FL (Broward County). Replace up to 2 tire/wheel assemblies on the same road service call, same axle

Should the awarded bidder be required to pick up a replacement tire at any time during the service call, and/or return the defective tire to the shop originating the call after completion of services, it will be done as part of the service call and considered included in the price quoted. Equipment may be loaded, unloaded or partially loaded. Most of the service calls will be during daylight hours.

There may be rare instances when a vehicle has more than one flat tire. In these cases all additional flat tires on the vehicle will be repaired and charges will be made based on 30% of the awarded charge for the service call per group for each additional tire.

3.3.4 MetroBus

Flat tire repair service for the DTPW's Metrobus 832 bus fleet of 40' buses (NABI standard and Gillig low floor) low floor, 60' (New Flyer, articulated), 45' (MCI standard floor), and 30' (Optima low floor) buses consist not of repair but only replacing tire/wheel assemblies with serviceable tire/wheel assemblies anywhere in Miami-Dade County and as far north as the Diplomat Mall, Hallandale Beach, FL (Broward County).

3.3.5. Tires utilized by DTPW:

3.3.5.1 Tires utilized by Metrobus are leased.

3.3.5.2 All tires are tracked by tire brand number, bus number and tire position. This data is required on all invoicing for payment.

3.3.5.3 Tire Shops at the Metrobus Divisions are open around the clock, from 11:00 P.M. Sunday night, through 11:00 P.M. Saturday night. Tire shops are closed for 24 hours from Saturday night to Sunday night, but the Metrobus garages are open and front and rear tire stock are available during this time from DTPW's personnel.

3.3.5.4 Metrobus Division Locations Phones

Northeast	360 NE 185th Street	(305) 654-6511
Central O&I	3431 NW 31st Street	(305) 638-7450
Coral Way	2700 NW 72nd Avenue	(305) 263-6321

- 3.3.5.5 Awarded bidder is responsible for loss and damage of Metrobus tire/wheel assemblies while in its care. The awarded bidder must follow all Metrobus requirements as stated herein.

3.3.6 Replacement Requirements:

- 3.3.6.1 Any flat on a front axle can only be placed with an original tread tire per State of Florida law.
- 3.3.6.2 Either 1 or 2 flats on a rear axle must be replaced with a matched pair of either original tread, re-grooved or re-capped tires.
- 3.3.6.3 All lugs shall be torqued to proper specifications. Torque value for all bus wheels is 450 ± 500 ft lbs.
- 3.3.6.4 All buses use only Aluminum Wheels. Extreme caution shall be used when demounting Aluminum Wheels. The awarded bidder shall not throw or drop these wheels since they will result in cracking and/or breaking.
- 3.3.6.5 Serviceable assemblies and returned flat assemblies must be picked-up and returned to the division to which the bus is assigned. No exceptions.
- 3.3.6.6 The awarded bidder must complete replacement of flat tires regardless of the number of tires that are flat and/or position of the flat.

3.3.7 Pick Up of Replacement Tire/Wheel Assemblies:

- 3.3.7.1 Monday thru Saturday: Report to the Tire Shop at the Division to which the bus is assigned, receive the appropriate replacements from the Tire Shop, and sign appropriate paperwork.
- 3.3.7.2 Saturday/Sunday: Report to the control room of the garage, to which the bus is assigned, receive the appropriate replacements from DTPW Supervisors, and sign the appropriate paperwork.

3.3.8 Return of Flat Tire/Wheel Assemblies:

- 3.3.8.1 Time Limit: Return Flats removed from Metro buses the same day or as soon as possible, but no longer than 24 hours after the replacement occurred. The awarded bidder shall not store or keep flat tires longer than 24 hours after replacement. Monday thru Saturday return tire to the Tire Shop. Saturday and Sunday place in front of the Tire Shop and report to the DTPW Control Room.

3.3.8.2 Tire Identification: With tire chalk, the awarded bidder shall write on each tire the bus number, brand number and position of the tire where it was removed (e.g. left inside rear, right outside rear).

3.3.9 Metrobus Technical Advisor:

For technical information, please contact the Bus Maintenance Office at (305) 638-7234.

3.3.10 DTPW Security:

The awarded bidder will abide by security procedures, rules and regulations established by DTPW's Office of Safety and Security in addition to other governing County, State and Federal laws.

3.4 INSTALLATION OF TIRE REPAIR BOOT or PATCH

3.4.1 For category's **B, C** and **D** a Boot, Patch/Plug Combination or Patch may be used to repair larger holes in tires. Regardless of repair method, the repair must meet manufacturer's recommendation and standards for tire type and injury.

3.4.2 Puncture repair inserts and plugs are not acceptable.

3.4.3 Installation of Boots:

A boot is a protective rubber covering used to repair larger holes in tires. The price shall include installation, labor and materials for 4" or smaller and 6" or larger boots or patches.

3.5 Group III – SPARE TIRE REPAIRS FOR ISD'S FLEET MANAGEMENT ON SHOP PREMISES

A. ISD Fleet Management

3.5.1 See vehicle categories under Group ISD's Section 3.2.2 above.

3.5.2 The tire work in this section shall be performed on County's Shops or other premises and shall consist of repairing, dismounting, remounting tires on spare wheels. Also, tire mounting of new, used or recapped tires. Repairs in this category shall be during regular business hours. The response time shall be four (4) hours or less from notification by the County, no other response time will be acceptable.

3.5.3 Response time for spare tire service is four (4) hours (dismount-remount and/or repair to be dismounted/mounted on County Shop or other premises with separate repair as may on occasion be required.

3.5.4 Some jobs will involve dismounting old tires and remounting new or recapped tires, other jobs may require dismounting, repairing and remounting or a combination of both.

Replacement of valve stem and/or cap will be required and included as needed at no additional charge.

B. ISD FLEET MANAGEMENT SHOP LOCATIONS

<u>SHOP</u>	<u>ADDRESS</u>
2 Truck	6100 S.W. 87 th Avenue
3-D	10890 S.W. 211 th Avenue
3 Main	8801 N.W. 58 th Street
3-A	18701 N.E. 6 th Avenue
3-B	7900 S.W. 107 th Avenue

Calls for flat tire repairs or dismounting and remounting at the above five locations for ISD Fleet Management consists mostly of 12 R 22.5 spares. The awarded bidder must have adequate equipment and manpower to perform the services required at more than one shop location during working hours. The County will not provide personnel, equipment, air or electricity.

3.6 RECORDS (APPLIES TO GROUPS I, II, and III):

For all service calls and flat tire repairs performed under provisions of Paragraphs 3.2.1 and 3.2.2, the awarded bidder shall provide the following information on flat tire repairs to the shop Supervisor where calls for such repairs originate, no later than one week after such repairs are performed:

- A. Date and Time of repair (A.M. - P.M.)
- B. Location of Vehicle being repaired.
- C. Miami-Dade County vehicle number being repaired.
- D. The number of tires repaired and tire size. If tire is no longer serviceable, the Miami-Dade County number of the tire replaced and the Miami-Dade County number of the replacement tire (applicable to tires leased by MDT).
- E. The location on the vehicle of the tire repaired or replaced.
- F. Signature of the operator (tire repair person).

Above information shall be submitted showing the invoice number related to the service performed.

3.7 Group IV - TIRE REPAIRS AND/OR REPLACEMENTS FOR WATER AND SEWER DEPARTMENT (WASD)

3.7.1 The vehicle categories for Groups IV and V are as follows:

3.7.1.1 CATEGORY A:

All cars, vans, utility vehicles and single wheel pickup truck tires.

3.7.1.2 CATEGORY B

All dual wheel pickup truck tires and all other single or dual wheel truck type tires up to and including 12 R 22.5 regardless of the vehicle they are on.

3.7.1.3 CATEGORY C

Various construction equipment, off-road equipment and implement tires, regardless of the vehicle they are on.

3.8 Group V - TIRE REPLACEMENT/REPAIR AT WATER AND SEWER DEPARTMENT (WASD) SHOP LOCATIONS

The tire work for WASD shall consist of dismounting, repairing and/or replacing tire, remounting and installation on vehicles (cars, trucks, vans, utility vehicles, golf carts, and various construction and off road equipment) anywhere in Miami-Dade County.
