In the event the Awarded Bidder vendor fails to clean up, the County shall procure clean up services from another vendor and charge the contract vendorAwarded Bidder for the amount of this service.

**2.92.11 COMPLIANCE WITH FEDERAL REGULATIONS DUE TO USE OF FEDERAL FUNDING**

2.9.11.1 All goods and/or services to be purchased as a result of any award under this solicitation shall be in accordance with all applicable governmental standards, including, but not limited to those issued by the Occupation Safety and Health Administration (OSHA), the National Institute of Safety Hazards (NIOSH), and the National Fire Protection Association (NFPA). It shall be the responsibility of Bidder/Venders to be regularly informed to conform to any changes in standards issued by any regulatory agencies that govern the commodities or services applicable to this solicitation, during the term of any contract resulting from this solicitation.

2.2.911.2 Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the County wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the County must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

2.2.911.3 Pursuant to 2 CFR, Part 200.318(i) (1), ISD-SPD and client departments will maintain records sufficient to detail the history of partially or fully federally funded procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price. Further, ISD-SPD and client departments will comply with all applicable requirements in 2 CFR, Part 200, 200.333-200.337 Records Retention and Access.

2.119.4 Pursuant to 2 CFR, Part 200.318(j) (1), the County may use a time and materials type contract for partially or fully federally funded acquisitions only after a determination has been made that no other contract type is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to the County is the sum of: the actual cost of materials; and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit. Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the County will assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

2.2.911.5 Pursuant to C.F.R. 200.321 (g) Contracting with Small and Minority Business, Women's Business Enterprises, and Labor Surplus Area Firms, the County will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Affirmative steps must include:

- (1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
- (2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- (3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

- (4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
- (5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (1) through (5) above.

2.119.6 When goods and/or services will be purchased, in part or in whole, with federal funding, and/or to meet Federal Emergency Management Agency's (FEMA) reimbursement, the VendorBidder hereby assures and certifies to the County that it will comply with:

- G. The Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)— In accordance with 31 U.S.C. 1352, the VendorBidder must provide a certification to the Procuring Agency that the VendorBidder has not and will not use Federal appropriated funds to pay any person or organization to influence or attempt to influence an officer or employee of any Federal department or agency; a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352.)
