EXECUTIVE SUMMARY

02/12/2016

To: NASPO ValuePoint Management Board

From: Tim Hay for the Software VAR Sourcing Team

RE: Evaluation/Award Summary and Recommendation for NASPO ValuePoint RFP Number ADSP016-00005829, Titled Software Value Added Reseller (VAR).

This executive summary was prepared by NASPO ValuePoint staff for use by the Management Board. The official award documents are maintained by the Lead State in accordance with its procurement laws.

Background: The NASPO ValuePoint Management Board approved conducting a re-solicitation for Software VAR. The resulting services would allow states to have a master agreement for Software VAR. The Software VAR Sourcing Team has concluded the RFP evaluation process and has made recommendations regarding the resulting proposed contract award. Accordingly, the team is seeking approval of the award by the NASPO ValuePoint Management Board. In this re-solicited contract portfolio for NASPO ValuePoint, the sourcing team recommends a potential term up to five (5) years.

The SVAR contracts are one of NASPO ValuePoint's fastest growing portfolios with 2015 spend exceeding \$209,750,467.

Sourcing Team: The RFP was led by Arizona and was developed with sourcing team involvement with members from four states: Alaska, New Mexico, Oregon and Utah. NASPO ValuePoint staff provided project oversight.

RFP Information: The RFP was issued on October 21, 2015. A pre-proposal conference was held on November 13, 2015 and was attended by 19 vendors. The RFP was amended seven times. The RFP closed December 17, 2015.

Proposal Information: 18 proposals were received. The Sourcing Team met on February 8 -12, 2016 in Phoenix, AZ to complete evaluation and scoring of each offeror's proposal. Evaluation was based on qualifications, methodology and cost.

Evaluations: The RFP allowed for multiple vendor awards based on a natural break in the scoring. Proposers were required to provide 6 core software offerings and 6 of the 18 proposers were rejected for not meeting this requirement. The remaining 12 were scored using a point system based on exceeding, meeting or unacceptable on the remaining requirements

Current and new supplier makeup: The current NASPO ValuePoint contract for these services has three contractors. Consistent with the RFP evaluation criteria, the sourcing team recommends award to the following three highest scoring vendors: **SHI, EnPointe, and CDW-G.**

Key benefits of new agreements: Below are some highlights of the benefits from the prospective contract awards:

1. Additional services components are now available under the new agreements.
2. Greater clarification of the software VAR requirements are outlined in the new agreements.
3. Added additional software under the core requirements to gain more advantageous pricing.

Conclusion: The State of Arizona management has reviewed and approved these award recommendations. I endorse the excellent work and analysis of the sourcing team and recommend your approval of the proposed awards and ask that we permit Arizona to move ahead with the recommended NASPO ValuePoint awards.

The chart below outlines the scoring overview of the proposals that were evaluated.

The online catalog shall provide an expansive list of products allowed per the contracts, particularly those products of itemized publishers.

- 3.1.3.3.2 The website shall provide contract and ordering information to include, at a minimum: publishers, product names, standard product pricing, and product descriptions (photos optional or links to access product literature). Regardless of the number and types of links to the Reseller's electronic catalog, the Reseller shall ensure that all eligible agencies purchasing under one PA are accessing the same current base version of the product catalog. Online information shall include purchases of Volume or Enterprise License Agreement software as well as individual COTS software licenses.

- 3.1.3.3.3 Online catalog shall be restricted to just software. Non-authorized products or groups of products shall not be on the website. Reseller shall not use this proposed website to cross sell or cross advertise other products and or services the Reseller may be able to offer.

- 3.1.3.4 *Product Searching Capability.* At a minimum, the online catalog should be searchable by Purchasing Entity and their VLAs, Software Publisher, Product name, OEM product number, and software description (e.g., GIS, Security). The online category can be modified as Users' needs dictate, such as including products obtained through a distributor (non-itemized publisher products) that are frequently purchased.

- 3.2.1.2 Licenses and Maintenance Agreements
- 3.2.1.2.1 *Volume License Agreements (VLA) and Enterprise License Agreements (ELA)*
The Reseller will honor existing Participating State's VLA's or ELA's with publishers and include those licenses as part of the Reseller's license tracking service. Following an executed PA with a Participating State,

and if so required by the Participating State, the Purchasing Entity and/or an individual publisher, the Reseller will identify itself to software publishers as Reseller for that Participating State or Purchasing Entity. If so required by the Publisher and Participating State, Reseller will execute a change of channel partner agreement with the Publisher. Resellers will sell additional seats consistent with Purchasing Entities' Enterprise or Volume Agreements. Reseller will work with Participating State, Purchasing Entity(ies) and Publishers as needed to establish new VLAs or ELAs. The Reseller will work with the Publisher and Participating State as necessary to ensure the Participating State receives timely and pertinent license information, such as: license or agreement renewals, or opportunities based on actual volume.

Reseller will work directly with Purchasing Entity(ies) in establishing, signing and maintaining enrollment agreements. If Reseller is sole SVAR contractor in a State, Reseller will aggregate all enrollments together for Master Agreement reporting purposes. If a PSCA elects to have multiple SVAR contractors, Reseller's responsibilities will be delineated in that State's PA. Resellers shall monitor and be able to report on the current levels of software ordered towards any of the Participating State's VLA required sales levels to ensure the Participating State does not fall short and thereby incur Publisher penalties. The Reseller shall be responsible for providing license usage information to the Publishers, if such information is required by the Publishers, in a timely manner (e.g., for 'true up' assessments)

3.2.1.2.2 *Individual Software Licenses.* Purchasing Entities can purchase individual COTS licenses, such as perpetual and non-perpetual licenses, through the Reseller.

3.2.1.3 Software Maintenance and Support Agreements.

Purchasing Entities can purchase maintenance agreements, including upgrade protection, through the Reseller. Resellers will sell software maintenance agreements, even if the software was not purchased under this agreement, such as on-going support for a User's existing perpetual license. As requested, Reseller will explain what product support or services are included in a publisher's maintenance agreement.

3.2.1.3.1 *Software Maintenance and Support.* Reseller to provide needed services to support maintenance products such maintenance agreements, software upgrades, annual updates, patches and fixes needed to improve functionality and keep the software in working order. Such services may include providing recommendations on most cost-effective or appropriate long-term maintenance plan. Reseller will provide such support, not only to maintenance packages purchases under this agreement, but in support of any existing and current agreements.

3.2.1.3.2 *Software Updates.*

3.2.1.3.2.1 Users are eligible to receive, from the Publisher, all new releases and updates of the software, at no additional charge, while under a maintenance agreement. A "Release" means any collection of enhancements or updates which the Publisher generally makes available to its installed base of customers of such programs. The Reseller shall assist the Purchasing Entity to obtain such releases or updates for their Users from the Publisher.

3.2.1.3.2.2 Should a User not want to receive the next upgrade, the User shall so notify the respective Publisher.

3.2.1.3.3 *License Confirmations*

For licenses ordered under the contract by Purchasing Entity(ies), Reseller shall be able to provide:

- (i) Certified Licensing Confirmation Certificates for all software licenses;
- (ii) Reseller's certified license confirmation certificates in the name of such Licensee; or,
- (iii) Written confirmation from the Reseller or Publisher accepting the Eligible Participating State's contract or purchase order as proof of license.

The form of "Proof of License" provided must be acceptable proof to the Publisher, and in the format requested by the Purchasing Entity. The Proof of License shall be provided as an electronic file and/or a hardcopy document, as required by the Purchasing Entity. Reseller will retain an electronic file of Participating State's Proof of Licenses and provide copies to the Participating State as requested.

3.2.1.3.4 *Transitioning License Tracking Information at Contract Termination*

The license information data acquired and retained by Reseller will be stored as sortable data fields so the license information can be transferred to the Participating State upon contract termination. Reseller will work with States and Participating Entities, or their designees, to ensure that the license information data has been successfully transferred in a usable format.

3.2.1.4 Leases

Lease purchase and term leases are allowable only for Purchasing States whose rules and regulations permit leasing of software. Individual Purchasing Entities may enter into a lease agreement for the products covered in this Master Agreement, if they have the legal authority to enter into these types of agreements without going through a competitive process. No lease agreements will be reviewed or evaluated as part of this RFP evaluation process.

3.2.1.5 Software Publishers, Categories. The identified software product needs under this solicitation have been divided into three tiers: Key Itemized Publishers, Other Itemized Publishers, and Non-Itemized Publishers. See descriptions and chart which follow. As indicated, it is most desirable for Reseller to have a direct reseller agreement with the itemized software publishers. If a direct reseller agreement is not already in place between itemized software publishers and the Reseller, the Reseller is expected to enter into a direct reseller agreement and submit a rate for that itemized publisher that is better than the rate for a Non-Itemized Publisher. Over the life of this contract, product needs or volumes may change and new publishers may be added by amendment to the itemized publishers' lists.

3.2.1.5.1 Itemized Highest Volume Publishers (Highest Volume, Itemized Lines).

The products of the publishers in this category represent the highest tier of sales volume identified for this solicitation, of those publishers who sell through resellers. This category is the one most likely to include a Participating State's enterprise or high volume agreements with a publisher. Resellers shall be certified direct resellers for publishers in this category. The preferred pricing that a Reseller receives based on their reseller certification status, in conjunction with the anticipated

considerable volume of purchases through these Contracts, is the expected foundation for a very competitive base Reseller Cost, with further reductions of Reseller Cost as they are achieved through ongoing Reseller negotiations. A percentage rate above or below Reseller Cost is to be provided for each itemized publisher. Specific requirements may be required for some publishers in this category in an individual State's PA.

3.2.1.5.2 Other Itemized Publishers (High Volume, Itemized Lines). The products of the publishers in this category represent a high level of sales volume as identified for this solicitation. This category may include a Participating State's high volume agreements or VLAs with a publisher. It is desirable for Resellers to be certified direct resellers for publishers in this category. A percentage rate above or below Reseller Cost is to be provided for each itemized publisher

3.2.1.5.3 Non-Itemized Publishers (all other distributed software purchases). This category is defined to include all other distributed computer software not specifically itemized. Enterprise or Volume Licensing Agreements are not anticipated in this category. New or existing software products can be added to this category at any time during the term of the Contract without the written consent of the LSCA and may be itemized in the online catalog, if volume justifies the addition. There should be one percentage rate above or below Reseller cost covering all products in this category

f. Coverage and limits shall not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

18. Laws and Regulations

Any and all Products offered and furnished shall comply with solicitation section 5.10, Compliance with Applicable Laws.

jurisdiction of any court.

This section applies to a claim brought against the Participating State only to the extent Congress has appropriately abrogated the Participating State's sovereign immunity and is not consent by the Participating State to be sued in federal court. This section is also not a waiver by the Participating State of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

21. Ordering

- a. Master Agreement order and purchase order numbers shall be clearly shown on all acknowledgments, shipping labels, packing slips, invoices, and on all correspondence.
- b. The resulting Master Agreements permit Purchasing Entities to define project-specific requirements and informally compete the requirement among companies having a Master Agreement on an "as needed" basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to Purchasing Entity rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement Contractors should be solicited for a quote. The Purchasing Agency may select the quote that it considers most advantageous, cost and other factors considered.
- c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor is expected to become familiar with the Purchasing Entities' rules, policies, and procedures regarding the ordering of supplies and/or services contemplated by this Master Agreement.
- d. Contractor shall not begin work without a valid Purchase Order or other appropriate commitment document compliance with the law of the Purchasing Entity.
- e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.
- f. All Orders pursuant to this Master Agreement, at a minimum, shall include:
 - (1) The services or supplies being delivered;
 - (2) The place and requested time of delivery;
 - (3) A billing address;
 - (4) The name, phone number, and address of the Purchasing Entity representative;
 - (5) The price per hour or other pricing elements consistent with this Master Agreement and the contractor's proposal;
 - (6) A ceiling amount of the order for services being ordered; and
 - (7) The Master Agreement identifier.
- g. All communications concerning administration of Orders placed shall be furnished solely to the authorized purchasing agent within the Purchasing Entity's purchasing office, or to such other individual identified in writing in the Order.
- h. Orders must be placed pursuant to this Master Agreement prior to the termination date thereof, but may have a delivery date or performance period up to 120 days past the then-current termination date of this Master Agreement. Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.
- i. Notwithstanding the expiration or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration or termination of this Master Agreement, or otherwise inconsistent with its terms. Orders from any separate indefinite quantity, task orders, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

22. Participants

- a. Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating State and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating State (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating State, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the ordering document (e.g. purchase order or contract) used by the Purchasing Entity to place the Order.
- b. Use of specific NASPO ValuePoint cooperative Master Agreements by state agencies, political subdivisions and other Participating Entities (including cooperatives) authorized by individual state's statutes to use state contracts are subject to the approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the respective State Chief Procurement Official.
- c. Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. Financial obligations of Participating States are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating States incur no financial obligations on behalf of political subdivisions. Contractor shall email a fully executed PDF copy of each Participating Addendum to PA@wsca-naspo.org to support documentation of participation and posting in appropriate data bases.
- d. NASPO Cooperative Purchasing Organization LLC, doing business as NASPO ValuePoint, is not a party to the Master Agreement. It is a nonprofit cooperative purchasing organization assisting states in administering the NASPO cooperative purchasing program for state government departments, institutions, agencies and political subdivisions (e.g., colleges, school districts, counties, cities, etc.) for all 50 states, the District of Columbia and the territories of the United States.
- e. State Participating Addenda or other Participating Addenda shall not be construed to amend the terms of this Master Agreement between the Lead State and Contractor.
- f. Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the approval of participation by the Chief Procurement Official of the state where the Participating State is located.
- g. Resale. "Resale" means any transfer of software for compensation or assignment of services for compensation. Subject to any specific conditions included in the solicitation or Contractor's proposal as accepted by the Lead State, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products (the definition of which includes software and services that are deliverables). Absent any such condition or explicit permission, this limitation does not prohibit: payments by employees of a Purchasing Entity for Products; sales of Products to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities under cooperative agreements and consistent with a Purchasing Entity's laws and regulations. Any sale or transfer permitted by this subsection must be consistent with license rights granted for use of intellectual property.

23. Payment

Payment for completion of a contract order is normally made within 30 days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance. Payments will be remitted by mail. Payments may be made via a State or political subdivision "Purchasing Card" with no additional charge.

Any prompt payment terms proposed by contractor shall be extended to all Purchasing Entities.

This Master Agreement and all related documents are subject to disclosure pursuant to the Purchasing Entity's public information laws.

a. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and orders placed by Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. Contractor shall permit the Lead State, a Participating State, a Purchasing Entity, the federal government (including its grant awarding entities and the U.S. Comptroller General), and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and/or transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or orders placed by a Purchasing Entity under it for the purpose of making audits, examinations, excerpts, and transcriptions. This right shall survive for a period of five (5) years following termination of this Agreement or final payment for any order placed by a Purchasing Entity against this Agreement, whichever is later, to assure compliance with the terms hereof or to evaluate performance hereunder.

b. Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead State, Participating State, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or orders or underpayment of fees found as a result of the examination of the Contractor's records.

c. The rights and obligations herein right exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.

26. Administrative Fees

a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter of one percent (0.25% or 0.0025) no later than 60 days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable. This fee is to be included as part of the pricing submitted with proposal.

b. Additionally, some states, such as the State of Arizona, may require an additional fee be paid directly to the state only on purchases made by Purchasing Entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Contractor may adjust the Master Agreement pricing accordingly for purchases made by Purchasing Entities within the jurisdiction of the state. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee. The NASPO ValuePoint Administrative Fee in subsection 26a shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.

U. Compensation

Should the Contractor fail to provide all required services or deliver work products, as agreed upon by State and the Contractor, the State shall be entitled to invoke applicable remedies, including but not limited to, withholding payment to the Contractor and declaring the Contractor in material breach of the Contract.
