SECTION 2 - SPECIAL TERMS AND CONDITIONS

2.1 PURPOSE

This Request to Qualify (RTQ) will establish a pool of pre-qualified Submitter(s) capable of providing fire suppression system goods and services for various Miami-Dade County (County) departments. Entry into the pre-qualification pool is not a contract between the County and any submitters, but rather an acknowledgement that the included pool member satisfies the pre-qualification criteria as outlined throughout this RTQ. Pre-qualified submitters will be invited to participate in future spot market competitions. The pool shall remain open for the term of the RTQ, enabling submitters to qualify at any time after the initial RTQ opening date.

DEFINITIONS

Backflow – the reversal of flow of water or inflow of other substances into a portable water distribution system through a cross-connection. Backflow may degrade the quality of the portable water below required standards.

Fire Suppression System(s) – A fire suppression system controls and extinguishes fires without human intervention protecting the interior and/or exterior of a building. Such systems and their components include but are not limited to: control panels, cylinders, pre-action sprinklers, dry-pipe sprinklers, wet-pipe sprinklers, deluge sprinklers, chemical agents, dry agents, various fire pumps, backflow preventers, kitchen hoods, and/or widow glazing.

National Fire Protection Association (NFPA) – a United States trade association, albeit with some international members, that creates and maintains private, copyrighted standards and codes for usage and adoption by local governments.

Request For Quote (RFQ) – A solicitation issued to vendors within a pre-qualified pool that is evaluated upon the lowest price.

Submitter – shall refer to anyone responding to this Request to Qualify.

Submittal – shall refer to the form submitted in response to this Request to Qualify.

Work Order Proposal Request (WOPR) – A solicitation issued to vendors within a pre-qualified pool that is evaluated and awarded based on best value rather than upon the lowest price.

2.2 SMALL BUSINESS CONTRACT MEASURES

The application of measures will be determined at the time a RFQ or WOPR is issued and may include, but not be limited to a set-aside, goal, bid preference or other measures.

2.3 TERM

The pre-qualification pool will begin on the first calendar day of the month succeeding approval by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter which is distributed by the County's Internal Services Department, Procurement Management Division, and contingent upon the completion and submittal of all required RTQ documents. The pre-qualification pool shall expire on the last day of the last month of the eight (8) year period.

2.4 **QUALIFICATION CRITERIA**

Submitter(s) who meet the following qualifications will be placed on a list for participation in future competitions.

Qualification Criteria for all Groups (1, 2 & 3)

- A. Maintain a fully equipped office with phone, facsimile (FAX), and/or an e-mail address of staff in order to provide support and expedite quotes.
- B. Demonstrated experience pertaining to the relevant services and/or sale of goods. As evidence, submitters(s) are required to provide at least two (2) letters of reference from their clients. The references shall ascertain to the County's satisfaction that the submitter has sufficient expertise.

Group 1 – Testing, Inspections, Tagging, Maintenance, Repairs, and/or Upgrades/Retrofit of Various Fire Suppression Systems

This group will be used by various County departments to purchase testing, inspection, tagging, maintenance, repair, and/or upgrade/retrofit services of various types of fire suppression systems.

Submitters or their approved subcontractor(s) shall hold the following:

- A. Certification by the State of Florida as a Contractor I, per the Uniform Fire Safety Rules and Standards, Chapter 69A-46 Fire Protection System Contractors and Systems. A copy of the certification shall be provided with the submitters submittal form.

-OR-

Certification by the State of Florida as a Contractor II and III, per the Uniform Fire Safety Rules and Standards, Chapter 69A-46 Fire Protection System Contractors and Systems. A copy of the certification shall be provided with the submitters submittal form.

- B. Certification by the National Institute of Certification in Engineering Technologies as a NICET II Associate for Engineering Technologies, per the Uniform Fire Safety Rules and Standards, Chapter 69A-46 Fire Protection System Contractors and Systems. A copy of the certification shall be provided with the submitters submittal form.
- C. Class D License issued by the State Fire Marshal, per Florida Statutes, Chapter 633.061. A copy of the license shall be provided with the submitters submittal form.

Group 2 – Fire Suppression Systems Parts, Supplies, and/or Accessories

This group will be used by various County departments to purchase various fire suppression systems parts, supplies, and accessories on an as needed basis.

- A. Submitter(s) shall be a verifiable manufacturer, certified, or designated agent, dealer, representative, or distributor of the manufacturer lines listed in the submitters submittal form. Current correspondence from the manufacturer, a copy of the signed agreement between the manufacturer and the submitter, or a reference to the manufacturer's internet website, where the manufacturer

clearly lists the submitter as an agent, dealer, representative or distributor of the manufacturer lines listed in the submitters submittal form shall be provided with the submitters submittal form.

Group 3 – Testing, Inspection, Maintenance, Repairs, and/or Upgrades/Retrofit of Various Backflow Preventers on a fire protection system

Submitters or their approved subcontractor(s) shall hold the following:

- A. Certification by the State of Florida as a Contractor I or Contractor II, per the Uniform Fire Safety Rules and Standards, Chapter 69A-46 Fire Protection System Contractors and Systems.
A copy of the certification shall be provided with the submitters submittal form.
- B. Certified Backflow Assembly Tester, per Miami-Dade County Code Chapter 32 - Water & Sewer Regulations, Sections 32-136 Testing
A copy of the certification shall be provided with the submitters submittal form.

Submitters shall provide all of the specified information, documents and attachments listed above with their submittal form as proof of compliance to the requirement of this RTQ. However, the County may, at its sole discretion and in its best interest, allow Submitters to complete, supplement or supply the required documents. It shall be the sole prerogative of the County as to the number of Submitters who will be included under this RTQ. During the term of this RTQ, the County reserves the right to add or delete Submitters as it deems necessary and in its best interests.

In the best interest of the County, a pre-qualified vendor's willingness and ability to expedite a specific service request and/or purchase may be used as a deciding factor for the basis of an award when a project is time sensitive or is an emergency situation. This provision does not preclude competition for emergency purchases.

2.5 ADDITIONAL GROUPS

The County reserves the right to add additional groups (with applicable qualification criteria) to this RTQ. The Internal Services Department, Procurement Management Division will solicit the industry and award said group on a competitive basis. It is hereby agreed and understood that although this RTQ identifies specific groups, equipment, and services, additional groups, equipment, and/or services may be added to this contract at the County's option.

2.6 CONFERENCES AND/OR SITE VISITS

Conferences and/or site visits may apply if so defined in the RFQ or WOPR.

2.7 LIQUIDATED DAMAGES

Liquidated damages may apply if so defined in the RFQ or WOPR.

2.8 INDEMNIFICATION AND INSURANCE

Proof of insurance is not required in order to be pre-qualified under this RTQ. Insurance requirements will be detailed in the subsequent RFQ or WOPR.

2.9 WARRANTY REQUIREMENTS

Warranty requirements may apply if so defined in the RFQ or WOPR.

2.10 CONTACT PERSON

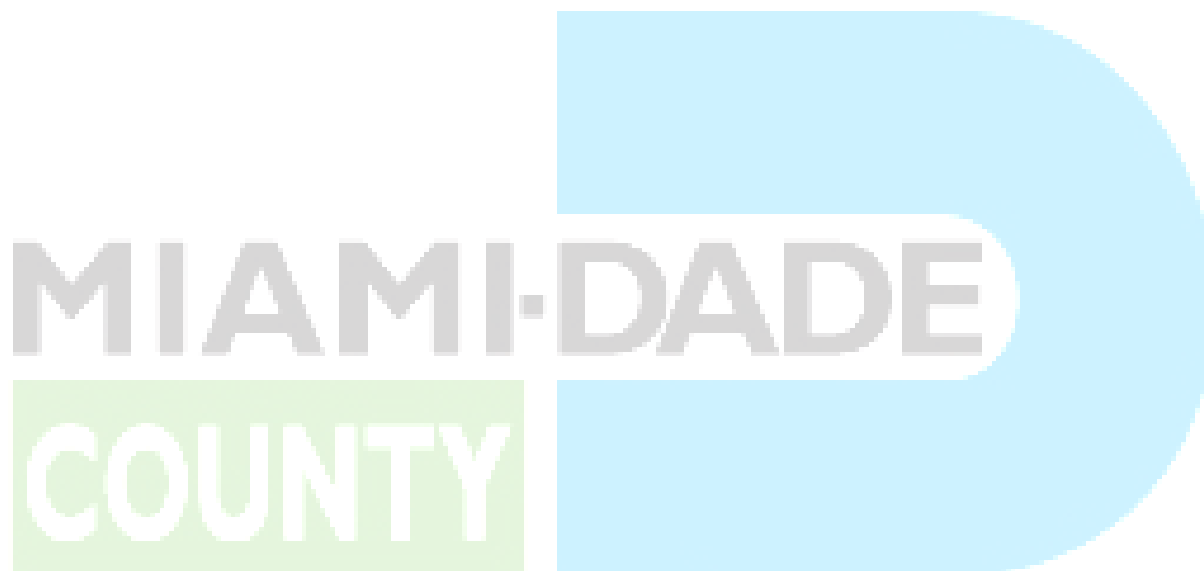

For any additional information regarding the terms and conditions of this solicitation and resultant contract, Contact: Sasha Socarras, at (305) 375-1620 or via e-mail at sasha.socarras@miamidade.gov.

2.11 DAVIS-BACON ACT

The Davis-Bacon act may apply if so defined in the RFQ or WOPR.

2.12 SHANNON MELENDI ACT

The Shannon Melendi act may apply if so defined in the RFQ or WOPR.

SECTION 3 – TECHNICAL SPECIFICATIONS

3.1 PURPOSE

This Request to Qualify (RTQ) is intended to establish groups of prequalified vendors as described in the below scope of work.

3.2 SCOPE OF WORK

Group 1 – Testing, Inspections, Tagging, Maintenance, Repairs, and/or Upgrades/Retrofit of Various Fire Suppression Systems

The awarded vendor will be required to test, inspect, tag, maintain, repair and/or upgrade/retrofit various fire suppression systems. At a minimum, the awarded vendor shall perform all services complying with, but not limited to the following:

- A. Conform to the most current edition of the National Fire Protection Associate (NFPA) 25 Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems, any other applicable NFPA standards, South Florida Building Codes, UL Listing, State, and County regulations during the course of such effort. Any fines levied by the above mentioned authorities for failure to comply with these requirements shall be born solely by the responsible successful bidder.
- B. Furnish all labor, material and equipment necessary for satisfactory contract performance. When not specifically identified in the technical specifications of the RFQ or WOPR, such materials and equipment shall be of a suitable type and grade for the purpose. All material, workmanship, and equipment shall be subject to the inspection and approval by the County.

Further technical specifications will be provided within the RFQ or WOPR.

Group 2 – Fire Suppression Systems Parts, Supplies, and/or Accessories

Vendors will provide parts, supplies, and/or accessories for fire suppression systems on an as needed basis. Further specifications will be provided within the RFQ or WOPR.

Group 3 – Testing, Inspection, Maintenance, Repairs, and/or Upgrades/Retrofit of Various Backflow Preventers of fire protection system

The awarded vendor will be required to test, inspect, tag, maintain, repair and/or upgrade/retrofit various backflow on a fire suppression system. At a minimum, the awarded vendor shall perform all services complying with, but not limited to the following:

- A. Comply with the Miami-Dade County Cross Connection Control & Backflow Prevention Ordinance

as stated in Chapter 32, Article VIII Miami-Dade Code.

- B. Conform to the most current edition of the National Fire Protection Associate (NFPA) 13 Standard for the Installation of Sprinkler Systems, any other applicable NFPA standards, South Florida Building Codes, UL Listing, State, and County regulations during the course of such effort. Any fines levied by the above mentioned authorities for failure to comply with these requirements shall be born solely by the responsible successful bidder.

Further technical specifications will be provided within the RFQ or WOPR.
