Do I need to respond to this Notice?

The Notice is for informational purposes so no response is required. However, if you have comments related to your assessments that you would like to be considered by the Board of County Commissioners (BCC), you may address the BCC in person at the public hearing or you may file your comments in writing (email or letter) with the Department of Solid Waste Management's Public Information and Outreach Division. Written comments received within 20 days of this notice will be filed with the BCC.

What is a non-ad valorem assessment?

A non-ad valorem assessment is a special assessment or service charge which is not based upon the value of the property and millage.

What services are funded by assessment?

Assessment funding may be used for ongoing public services. The collection of residential solid waste is an example of a service funded by a non-ad valorem assessment.

Why might the assessment amount change?

The assessment amount for an ongoing service may vary annually based on operating costs and budget requirements. Additional rate information is available at the Department of Solid Waste Management web page – miamidade.gov/wastefee.

If this is not a bill, when will I be billed?

Assessments approved at the public hearing will be billed via the 2023 Combined Property Tax Bill, to be mailed in October by the Miami-Dade County Tax Collector. To avoid penalties, the property tax bill must be paid in full to the Tax Collector by March 31st. Failure to pay non-ad valorem assessment(s) when due (payable November 1 through March 31) will cause issuance of a tax certificate against the property, which may result in loss of title. Early payment discounts are offered.
