1.5 Please use the following definitions to identify the type of Waste Tire Permit your business is applying for: a Waste Tire Generator (TG), Waste Tire Hauler (TH). Both (BO) or Mobile Tire Service (MO).

Waste Tire Generator is defined as “any person that is either principally or partially engaged in the selling, trading or otherwise transferring of new, used or waste tires, whether such transactions are for cash, barter or without consideration. Retail and wholesale tire stores and other businesses that remove used or waste tires from vehicles fall within this category.

Waste Tire Hauler is defined as “any person transporting five or more waste tires”.

Waste Tire Hauler/Generator is defined as any person performing the services of both a Waste Tire Generator and a Waste Tire Hauler.

Mobile Tire Service is both a Waste Tire Generator and a Waste Tire Hauler that does not have a physical location from where the tire services are provided.

Based on the definitions above, please check (✓) one of the following permit types:

- Waste Tire Transporter** – Complete Sections 1, 2, 4 & 5
- Waste Tire Generator** – Complete Sections 1, 3, 4 & 5
- Both** – Complete all Sections of the Application

SECTION 5 – ALL APPLICANTS

AFFIDAVIT

- 5.1 As an owner, officer, or local manager of the business entity submitting this application for permit to generate tires and/or transport waste tires in Miami-Dade County, it is understood that:
- A. It shall be unlawful for any person to remove, collect, or transport within Miami-Dade County five or more waste tires without first obtaining a waste tire permit from the Department of Solid Waste Management.
 - B. It shall be unlawful for any business to employ or hire a waste tire hauler who fails to obtain a permit from the Department of Solid Waste Management and/or who fails to display a current vehicle decal as required under Chapter 15 of the Miami-Dade Code
 - C. It shall be unlawful for any person to sell, trade or otherwise transfer used or waste tires within Miami-Dade County without first obtaining a Tire Generator permit from the Department of Solid Waste Management as required by the Code.
 - D. Each waste tire generator and waste tire transporter shall maintain records as required by the Code. Copies of all records that are required under this section and all supporting documentation shall be subject to inspection by the Director of the Department of Solid Waste Management Director or his/her designee at any time and shall be retained for a period of at least one year.
 - E. It shall be unlawful for any person to store waste tires at any location for a period of more than fifteen (15) consecutive days. All tires stored outside must be covered to prevent accumulation of water. This provision does not apply to waste or used tires stored in an enclosed structure or which are mounted and/or inflated.
 - F. Any change of individuals or the corporate name on the application will be reported immediately in writing to the Director.
 - G. Pre-numbered, color coded decals shall be issued to each vehicle and operating site by numerical sequence yearly, during renewal of the permit. Operating decals are to be placed on the front window or other area of the generator site and visible for inspection. Vehicle decals are to be placed on the front windshield of all permitted vehicles.
 - H. Any misrepresentation of the application requirements may cause loss of permit to do business in Miami-Dade County.
