

Miami-Dade County

Direct Deposit Information in Employee
Self Service Job Aid

DESCRIPTION

The Payroll section of Employee Self Service can be used to view paychecks, W-2 forms history that are tracked in the INFORMS HCM system and to update direct deposit and W-4 tax information, and W-2 electronic consent.

This document will review the INFORMS process for direct deposit. Direct Deposit is the electronic transfer of your pay to your financial institution.

Key Points

- There can only be two direct deposit accounts. The system will not allow additional direct deposits.
- A remaining balance account is one where the remainder of your net pay balance goes to that account. A remaining balance will be required if you have more than one account.
 - Employee should not remove the remaining / last balance account if replacing it with another account. The Remaining balance account should only be removed if the employee would like to receive a paper check.
 - If the remaining/last balance account is removed the employee will not be able add another account the same day. Additions or changes will have to be done the following day.
- When adding multiple accounts, designate an “amount” or “percent” of net pay. Direct deposits can be made to either a savings account or a checking account.
- The system validates bank routing numbers that are entered when adding or editing a direct deposit. It validates that the number is 9 digits long, it must conform to routing number conventions, and it must be for a bank that is in INFORMS.
- The system will generate error messages if the routing number entered is invalid and/or not in the system.
- To use a bank that is not in the system for direct deposit, the payroll staff must be contacted. Payroll will enter the bank’s information in the system. Once the bank information has been entered, it will be available for direct deposit.
- The system does not automatically verify account numbers; verification of account numbers takes place during the pre-notification process. This process sends a file to the bank and account specified to ensure that the bank is able to accept/process your direct deposits. The direct deposit does not become effective until the pre-notification has successfully completed. **It may take up to two pay cycles for the change to take effect.**
- Predefined deductions from financial institutions will not be impacted by these changes: i.e., BMG loan, Dade County Federal Credit Union, and Tropical Federal Credit union transactions, etc.

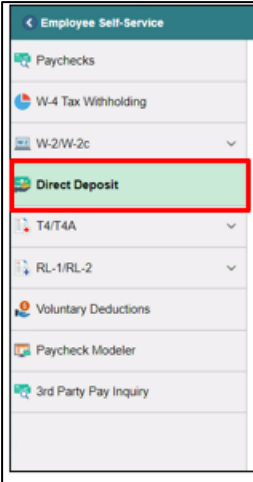

- To add a new account or edit an existing account, the employee needs to complete the change by Sunday (pay period end date).
- If Direct deposit date is terminated/inactivate via ESS before confirming pay date (Payroll Tuesday 3 PM), the employee will get a paper check.
- The employee should expect the prenote process to start the following pay period if it does not meet the deadline.
 - Scenarios that required prenote:
 - Adding a new account.
 - Changing the deposit type of already prenoted balance account to a new account.
 - Keeping same financial institution (keeping same routing number) but changing just the account number.
 - Erasing an existing account that already pass the prenote but adding the account back.
 - Adding a new account and have an existing balance account, the funds allocated to the new account would go to the balance account until the new account is pre noted.

ADD A NEW ACCOUNT

Step	Action
1.	<p>Select the Employee Self-Service tile.</p>
2.	<p>Select the Payroll tile.</p>

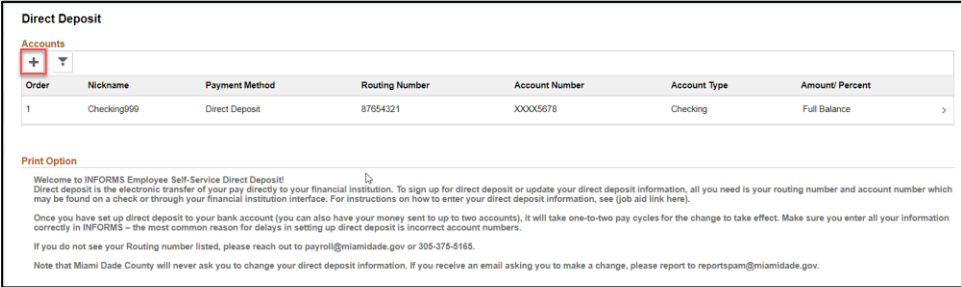

3.

Select the **Direct Deposit** pane.

4.

Select the **Add Account [+]** icon to add an account to add a direct deposit transaction.
Note: If this is your first time adding a direct deposit account, no existing accounts will be displayed.

5.

Either Accept, Decline or Cancel the Direct Deposit Authorization.

- If one chooses to Decline, one will not be allowed to enter a new account – **Stop Here**
- If one chooses to Accept, one will be allowed to enter a new account – **Continue to Step 6**
- If one chooses to Cancel, no action will be taken – **Stop Here**

Direct Deposit Authorization

I hereby authorize Miami-Dade County to deposit my net payroll and/or expense reimbursement in the accounts set-up via Employee Self-Service (ESS). I understand that this authorization will remain in effect throughout my employment unless cancelled by me or Miami-Dade County in unusual circumstances only. I also authorize Miami-Dade County and my designated financial institution(s) to initiate debit entries or adjustments, if necessary, for any credit entries made in error to my accounts.

The payroll and/or expense reimbursement deposit authorized within ESS is accomplished by electronic funds transfer and is covered by several regulations designed to safeguard the integrity of the employee's account. The funds deposited will be available to the employee for withdrawal by all usual means on the morning of the scheduled payday. It may take up to two (2) pay periods for direct deposit to become active. Until that time, a paper check will be provided.

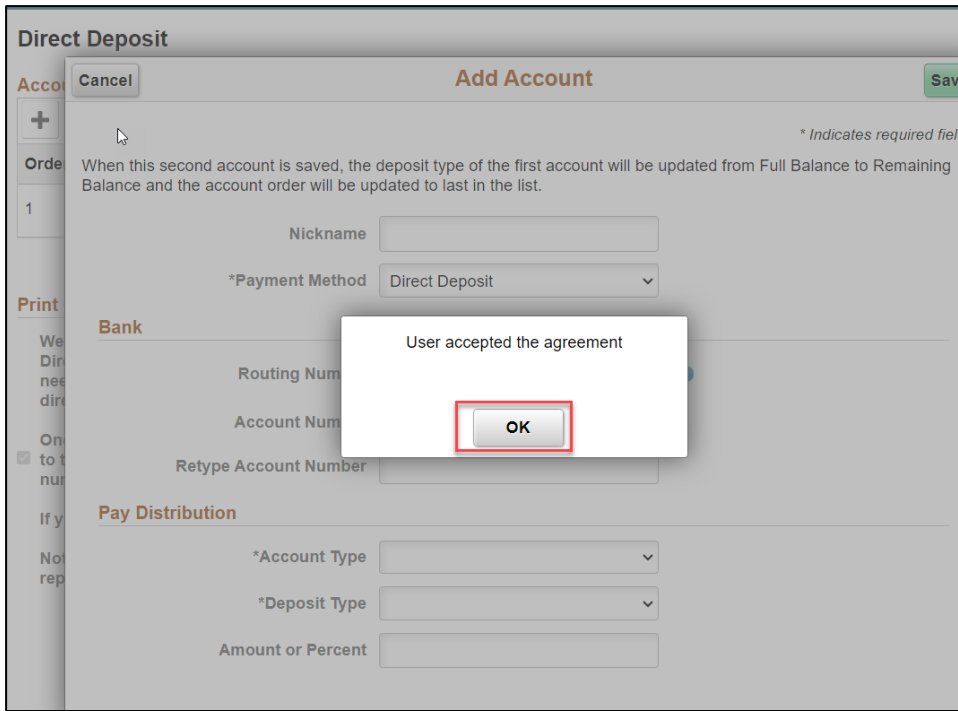

Miami-Dade County assumes no responsibility for any relationship between the employee and his/her financial institution, nor does Miami-Dade County assume responsibility for any delay which is caused by incorrect data entered by the employee in ESS.

I have read and understood this disclaimer. Please allow me to add Direct Deposit information.

Decline the Direct Deposit Authorization

Select the **OK** button.

6.

The screenshot shows the 'Direct Deposit' interface. At the top, there is a 'Cancel' button on the left and an 'Add Account' button on the right. Below the 'Add Account' button, a message states: 'When this second account is saved, the deposit type of the first account will be updated from Full Balance to Remaining Balance and the account order will be updated to last in the list.' The form includes fields for 'Nickname', '*Payment Method' (set to 'Direct Deposit'), 'Bank' section with 'Routing Num', 'Account Num', and 'Retype Account Number', and 'Pay Distribution' section with '*Account Type', '*Deposit Type', and 'Amount or Percent'. A dialog box titled 'User accepted the agreement' is centered on the screen, with an 'OK' button highlighted by a red rectangle.

7.	<p>Enter the required fields:</p> <ul style="list-style-type: none">● Nickname<ul style="list-style-type: none">○ Enter the account name. A unique account name must be given for each direct deposit entry.○ This name should be meaningful to you for example: Bills Account or Emergency BOA Account.<ul style="list-style-type: none">▪ Please note, there is a character limitation for the account nickname (including spaces)● Payment Method<ul style="list-style-type: none">○ Only Direct Deposit option is available● Routing Number<ul style="list-style-type: none">○ Enter the routing number which can be obtained from the financial institution or a bank check.● Account Number<ul style="list-style-type: none">○ Enter the account number which can be obtained from the financial institution or a check.● Retype Account Number<ul style="list-style-type: none">○ Retype the account number. Below is an example of where to find the routing number and account number on a bank check:

If an invalid routing number is inputed, an error message will be displayed.

The screenshot shows the 'Add Account' form with the following fields and sections:

- Cancel** (button) and **Save** (button)
- Add Account** (title)
- * Indicates required field*
- When this second account is saved, the deposit type of the first account will be updated from Full Balance to Remaining Balance and the account order will be updated to last in the list.
- Nickname: Emergency BOA
- *Payment Method: Direct Deposit (dropdown)
- Bank** (section header)
- Routing: (field)
- Account: (field)
- Retype Account Number: (field)
- Pay Distribution** (section header)
- *Account Type: (dropdown)
- *Deposit Type: (dropdown)
- Amount or Percent: (field)

An error message dialog box is displayed over the form with the following text:

Bank Routing Number is incorrect.
Please contact payroll@miamidade.gov or 305-375-5165.
OK (button)

Select the **Save** button.
Enter verification details.

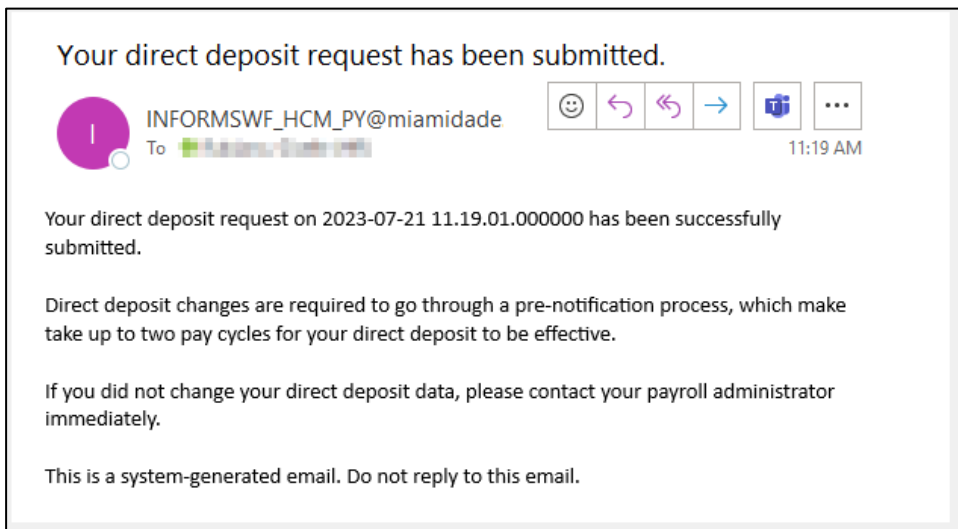

- Date of Birth
 - Format: MM/DD/YYYY
- Last 4 digits of SSN

Select the **Continue** button.

8.

A notification email will be sent confirming the changes made. Please take a moment to review/confirm the information entered is correct.

5.

Whether the Direct Deposit was edited or deleted, selecting the **Save** button will prompt validation.

Enter the following:

- Date of Birth
 - a. Format: MM/DD/YYYY
- Last 4 of your social security number

Select the **Continue** button.

The screenshot shows a web interface for editing a direct deposit account. A modal window titled "Verify Identity" is displayed over the "Edit Account" form. The modal contains the following text: "To protect your privacy, verify your identity by typing in your last 4 of SSN and birthday. If you are not this user, click Cancel." Below this text, there are three input fields: "User ID" with the value "E325536", "Date of Birth" with the value "06281964", and "Last 4 digits of SSN" with the value "5536". There are "Cancel" and "Continue" buttons at the bottom of the modal. The "Continue" button is highlighted with a red box and a red circle with the number 3. The "Date of Birth" field has a red circle with the number 1, and the "Last 4 digits of SSN" field has a red circle with the number 2. The "Edit Account" form in the background has a "Save" button in the top right corner and a "Remove" button at the bottom.

A notification email will be sent confirming the changes made. Please take a moment to review/confirm the information entered is correct.
