

Vision Zero is a countywide safety initiative with a goal to **ELIMINATE ALL TRAFFIC FATALITIES AND SEVERE INJURIES BY 2040**, while increasing the safety, mobility, and health of all county residents. We are focused on system-level changes at how we plan, design, and build our transportation network.

SAFE SYSTEM FOCUS AREAS

Making a commitment to zero traffic deaths means addressing all aspects of safety through five overarching program focus areas (Safer People, Safer Roads, Safer Vehicles, Safer Speeds, Post-Crash Care). Our focus areas are based on FHWA's Safe System approach, which together create a holistic strategy with layers of protection for all road users.

Our focus areas:

- Promote a Culture of Safety
- Enhance Process and Collaboration
- Build Safe Streets for Everyone
- Create Safe Speeds
- Make Data-Driven Decisions
