## Wastewater Line Replacement

### Background

On April 9, 2014, the United States District Court for the Southern District of Florida authorized a Consent Decree between Miami-Dade County, the United States of America, the State of Florida, and the Florida Department of Environmental Protection, for improvements to the County's wastewater collection system. The Consent Decree requires a number of operational and maintenance improvements to Miami-Dade's water and sewer system. The installation of new wastewater lines CD project 4.9 (47) is part of these projects.

### Projected Schedule

Construction begins July 2016, with an expected duration of seven (7) months.
