NOTICE

THE FOLLOWING SUMMARY INFORMATION IS PROVIDED AS A COURTESY; IT SHOULD NOT BE TREATED AS LEGAL ADVICE AND IT SHOULD NOT BE RELIED UPON. LEGAL CONSULTATION MAY BE WARRANTED IF AN APPEAL OR OTHER LEGAL CHALLENGE IS BEING CONTEMPLATED.

Decisions of the Community Zoning Appeals Board (CZAB) may be subject to appeal or other challenge. For example, depending upon the nature of the requests and applications addressed by the CZAB, a CZAB decision may be directly appealable to the Board of County Commissioners (BCC) or may be subject to challenge in Circuit Court. Challenges asserted in Circuit Court, where available, must ordinarily be filed within 30 days of the transmittal of the pertinent CZAB resolution to the Clerk of the BCC. Appeals to the BCC, where available, must be filed with the Zoning Hearing Section of the Department of Regulatory and Economic Resources (RER), or its successor Department, within 14 days after RER has posted a short, concise statement (such as that furnished above for the listed items) that sets forth the action that was taken by the CZAB. (RER's posting will be made on a bulletin board located in the office of RER.) All other applicable requirements imposed by rule, ordinance, or other law must also be observed when filing or otherwise pursuing any challenge to a CZAB decision.

Further information regarding options and methods for challenging a CZAB decision may be obtained from sources that include, but are not limited to, the following: Sections 33-312, 33-313, 33-314, 33-316, and 33-317 of the Code of Metropolitan Dade County, Florida; the Florida Rules of Appellate Procedure; and the Municode website (www.municode.com). Miami-Dade County does not provide legal advice regarding potential avenues and methods for appealing or otherwise challenging CZAB decisions; however, a licensed attorney may be able to provide assistance and legal advice regarding any potential challenge or appeal.

Item No. A

Recommendation Summary	
Commission District	8
Applicants	Helen Michael & Preferred Enterprises Inc
Summary of Requests	The applicants are seeking to allow a district boundary change from AU to EU-M.
Location	Located lying north of SW 278 Street, between SW 159 Avenue & SW 162 Avenue, Florida.
Property Size	20 acres
Existing Zoning	AU, Agricultural District
Existing Land Use	Vacant
2020-2030 CDMP Land Use Designation	Estate Density Residential, 1 to 2.5 dua, <i>(see attached Zoning Recommendation Addendum)</i>
Comprehensive Plan Consistency	Consistent with the LUP map of the CDMP
Applicable Zoning Code Section(s)	Section 33-311, District Boundary Change <i>(see attached Zoning Recommendation Addendum)</i>
Recommendation	Approval.

This item was deferred from the July 9, 2014 meeting of Community Zoning Appeals Board (CZAB 14), to allow the applicant to meet with the neighbors.

REQUEST:

DISTRICT BOUNDARY CHANGE from AU to EU-M.

PROJECT DESCRIPTION:

The applicants seek to rezone the 20-acre parcel from AU, Agricultural District to EU-M, Single Family Modified Estate District.

<u>NEIGHBORHOOD CHARACTERISTICS</u>		
	Zoning and Existing Use	Land Use Designation
Subject Property	AU; vacant land	Estate Density Residential (1 to 2.5 dua)
North	AU; vacant land	Estate Density Residential (1 to 2.5 dua)
South	EU-M: single-family residences	Estate Density Residential (1 to 2.5 dua)
East	AU; vacant land	Estate Density Residential (1 to 2.5 dua)
West	EU-M: single-family residences	Estate Density Residential (1 to 2.5 dua)

NEIGHBORHOOD COMPATIBILITY:

The subject property consists of four vacant contiguous parcels located at the north east corner of SW 162 Avenue & SW 278 Street, Miami-Dade County, Florida. Staff notes that the abutting properties to the south and west are also zoned EU-M, Single Family Modified Estate District and the properties to the north and east are vacant land and are zoned AU, Agricultural District.

SUMMARY OF THE IMPACTS:

The approval of this application will allow the applicants to provide additional housing in this section of the County. However, the proposed rezoning could have an impact on traffic in the area.

COMPREHENSIVE DEVELOPMENT MASTER PLAN ANALYSIS:

The subject property is designated as *Estate Density Residential* on the Adopted 2020-2030 Comprehensive Development Master Plan (CDMP) Land Use Plan (LUP) map. *This density range is characterized by detached estate residences that typically occupy a small portion of the parcel and can be developed at a maximum of 2.5 dwelling units per acre.* Approval of the application would allow the applicants to develop the 20 acre parcel with a maximum of 50 residential units which is the maximum allowed under the density threshold of the LUP map. Further, **Objective LU-4**, of the CDMP Land Use Element states that *Miami-Dade County shall, by the year 2030, reduce the number of land uses, which are inconsistent with the uses designated on the LUP map and interpretive text, or with the character of the surrounding community.* The subject property abuts properties to the south and the west that are also zoned EU-M. As such, the rezoning of the subject property to EU-M would be **compatible** with the surrounding area and **consistent** with the Estate Density Residential designation of the parcel on the CDMP Land Use Plan map, the CDMP's Land Use Element the interpretative text for the Estate Density Residential category; and with the Land Use Element **Objective LU-4**.

ZONING ANALYSIS:

When the applicant's request to rezone the 20-acre parcel to EU-M, Single-Family Modified Estate District, is analyzed under Section 33-311, District Boundary Change, staff opines that the approval of the application would not have an unfavorable impact on the environment, the natural resources, or the economy of the County. Staff notes that the approval of the applicant's request to rezone the property will be **consistent** with the Estate Density Residential designation of the parcel on the CDMP Land Use Plan map. Further, staff opines that approval of this request will not have a negative impact on the surrounding roadways or transportation facilities based on the recommendations and/or information contained in memoranda from the Platting and Traffic Review Section of the Department of Regulatory and Economic Resources (RER). Additionally, staff notes that the memorandum from the Environmental Division of RER indicates that the proposed rezoning meets the Level of Service (LOS) standards for an initial development order and therefore will not have an unfavorable impact on the natural resources of Miami-Dade County.

Furthermore, staff is of the opinion that the proposed zone change to EU-M is **compatible** with the residential developmental trend as evidenced by similar approvals in the surrounding area. Specifically, the abutting properties to the south and west of the subject property were

respectively rezoned from AU to EU-M, between 1957 and 2006, pursuant to several Resolutions #723, #3886, #Z-139-70, #CZAB14-36-99 and CZAB14-34-06.

Therefore, the proposed rezoning of the property to EU-M would be **compatible** with the surrounding area and the residential character of the community. **Therefore, staff recommends approval of the application under Section 33-311, District Boundary Change.**

COMPREHENSIVE DEVELOPMENT MASTER PLAN (CDMP) OBJECTIVES, POLICIES AND INTERPRETATIVE TEXT

Estate Density Residential (Pg. I-31)	<i>The Adopted 2020 and 2030 Land Use Plan designates the subject property as being within the Urban Development Boundary for Estate Density Residential use. This density range is typically characterized by detached estates which utilize only a small portion of the total parcel. Clustering, and a variety of housing types may, however, be authorized. The residential densities allowed in this category shall range from a minimum of 1.0 to a maximum of 2.5 dwelling units per gross acre.</i>
Land Use Objective 4 (Pg. I-11)	<i>Miami-Dade County shall, by the year 2030, reduce the number of land uses, which are inconsistent with the uses designated on the LUP map and interpretive text, or with the character of the surrounding community.</i>

Memorandum

Date: June 4, 2014

To: Jack Osterholt, Deputy Mayor/Director
Department of Regulatory and Economic Resources

From: Jose Gonzalez, P.E.
Department of Regulatory and Economic Resources

Subject: C-14 #Z2014000003-1st Revision
Helen Michael and Preferred Enterprises, Inc., a Florida corp.
NW Corner of SW 159th Avenue and SW 278th Street
District Boundary Changes From AU to EUM
(AU) (0.00 Acres)

A handwritten signature in black ink, appearing to read "Jose Gonzalez", written over the printed name in the "From:" field.

The subject application has been reviewed by the Department of Regulatory and Economic Resources – Division of Environmental Resources Management (DERM) for compliance with the requirements of Chapter 24 of the Miami-Dade County Code (the Code) and meets the minimum requirements of the Code. Accordingly, the application may be scheduled for public hearing.

Potable Water Service

Public water can be made available to the subject property. Therefore, connection of the proposed development to the public water supply system shall be required in accordance with the Code requirements.

Existing public water facilities and services meet the Level of Service (LOS) standards set forth in the Comprehensive Development Master Plan (CDMP). Furthermore, the proposed development order, if approved, will not result in a reduction in the LOS standards subject to compliance with the conditions required by DERM for this proposed development order.

Wastewater Disposal

Public sanitary sewers are not located within feasible distance for connection to the subject property. Consequently, any proposed development would have to be served by a septic tank and drainfield as a means for the disposal of domestic liquid waste. DERM has no objection to the interim use of a septic tank and drainfield provided that the maximum sewage loading allowed by Section 24-43.1(3) of the Code is not exceeded and the property is connected to public water. In accordance with the Code, the minimum lot size for a single family residence or duplex served by public water and a septic tank shall be 15,000 square feet (gross) or 20,000 square feet (gross), respectively.

Stormwater Management

A Surface Water Management General Permit shall be required for the construction and operation of the required surface water management system. This permit shall be obtained prior to any future development order approval. The applicant is advised to contact the DERM Water Control Section at (305) 372-6681 for further information regarding permitting procedures and requirements.

Stormwater shall be retained on site utilizing properly designed seepage or infiltration drainage system. Drainage must be provided for the 5-year/1-day storm event.

Site grading and development shall provide for the full retention of the 25-year/3-day storm event and shall also comply with the requirements of Chapter 11C of the Code, as well as with all state and federal criteria, and shall not cause flooding of adjacent properties.

Wetlands

The subject properties do not contain wetlands as defined by Section 24-5 of the Code; therefore, a Class IV Wetlands Permit will not be required.

The applicant is advised that permits from the Army Corps of Engineers (305-526-7181), the Florida Department of Environmental Protection (561-681-6600) and the South Florida Water Management District (1-800-432-2045) may be required for the proposed project. It is the applicant's responsibility to contact these agencies.

Tree Preservation

There are no tree resources issues on the subject properties.

Enforcement History

There are no open or closed enforcement records for violations of Chapter 24 of the Code for the subject property.

Concurrency Review Summary

A concurrency review has been conducted for this application and has determined that the same meets all applicable LOS standards for an initial development order, as specified in the adopted CDMP for potable water supply, wastewater disposal, and flood protection. Therefore, the application has been approved for concurrency subject to the comments and conditions contained herein.

This concurrency approval does not constitute a final concurrency statement and is valid only for this initial development order, as provided for in the adopted methodology for concurrency review. Additionally, this approval does not constitute any assurance that the LOS standards would be met by any subsequent development order applications concerning the subject property.

This memorandum shall constitute written approval as required by Chapter 24 of the Code.

If you have any questions concerning the comments or wish to discuss this matter further, please contact Christine Velazquez at (305) 372-6764.

Memorandum

Date: March 27, 2014

To: Eric Silva, Development Coordinator
Department of Regulatory and Economic Resources

From: 
Raul A. Pino, PLS, Chief
Platting and Traffic Review Section
Department of Regulatory and Economic Resources

Subject: Z2014000003
Name: Preferred Enterprises Inc./Helen Michael
Location: Northeast Corner of SW 162 Avenue and SW 278 Street
Section 32 Township 56 South Range 39 East

The Department of Regulatory and Economic Resources Platting and Traffic Review Section has reviewed the subject application and has no objections.

This land requires platting in accordance with Chapter 28 of the Miami-Dade County Code. Any right-of-way dedications and/or improvements required will be accomplished thru the recording of a plat.

This application **does** meet the traffic concurrency(*) criteria for an Initial Development Order. It will generate **47 PM** daily peak hour vehicle trips. The traffic distribution of these trips to the adjacent roadways reveals that the addition of these new trips **does not** exceed the acceptable level of service of the following roadways:

Sta.#		LOS present	LOS w/project
9212	Krome Ave. n/o SW 288 St.	C	C
9860	SW 157 Ave. s/o SW 272 St.	B	B
9932	SW 288 St. w/o US-1	D	D
9926	SW 280 St. e/o US-1	C	C

The request herein, constitutes an Initial Development Order only, and one or more traffic concurrency determinations will subsequently be required before development will be permitted.

(*)Traffic concurrency is based on the density of the property with its proposed use where the number of peak hour vehicle trips may fluctuate.

Memorandum

Date: January 27, 2014
To: Eric Silva, Assistant Director
Regulatory and Economic Resources Department
From: Paul Mauriello, Assistant Director, Waste Operations
Public Works and Waste Management Department
Subject: Helen Michael and Preferred Enterprises, Inc. (#14_003)

A handwritten signature in black ink, appearing to read "Paul Mauriello", written over the "From:" line of the memorandum.

The Department's review of the above-referenced item is provided below. Final comments will be offered as needed. If you should have any questions, please do not hesitate to contact Stacey McDuffie of the Fiscal Management and Planning Division at 305-514-6661. **The PWWM has no objections to the proposed application.**

Application: *Helen Michael and Preferred Enterprises, Inc.*, seeks a district boundary change from Agricultural (AU) to Modified Estates District (EU-M).

Size: The subject property is approximately 20 acres.

Location: The subject property is located between SW 159 Avenue and SW 162 Avenue (Farmlife School Road) and between theoretical SW 276 Street and SW 278 Street in Miami-Dade County, Florida.

Analysis:

1. Solid Waste Disposal

The Miami-Dade County Solid Waste Management System consists of both County facilities and private facilities under contract as follows: three Class I landfills (two owned by Waste Management Inc., of Florida) a Class III landfill, a Resources Recovery Facility waste to energy plant and associated ash monofill, and three regional transfer facilities. The Public Works and Waste Management Department (PWWM) does not assess or adjust estimated capacity requirements based on the impacts of individual developments. Instead, the Department maintains sufficient disposal capacity to accommodate five years of waste flows committed to the system through long-term interlocal agreements or contracts with municipalities and private waste haulers and anticipated non-committed waste flows. The latest Concurrency Status Determination issued on September 25, 2013, which is valid for one year, shows sufficient disposal system capacity to exceed the County's adopted level of service (five years of capacity). This determination, which is on file with the Sustainability, Planning and Economic Enhancement Department (formerly the Department of Planning and Zoning) is contingent upon the continued ability of the County to obtain and renew disposal facility operating permits from the Florida Department of Environmental Protection, as needed.

2. Garbage and Trash Collection Services

Pursuant to Chapter 15 of the Miami-Dade County Code (Code), entitled Solid Waste Management, the re-designation to Modified Estate District (EU-M) will likely result in development of "Residential Units." Per the Code, residential units located within the project shall, therefore, receive PWWM waste collection service, once the vacant lot is developed. Twice weekly curbside waste collection, twice per year scheduled bulky waste collection service, and unlimited use of the 13 Trash and Recycling

Centers are the services currently provided to residential units in the PWWM solid waste collection service area.

3. Recycling

The PWWM provides curbside recycling services to residential units located in unincorporated Miami-Dade County through a private contractor. The single stream recycling program currently includes separation of glass, aluminum cans, steel cans, plastic bottles, newspaper and phone books. Further information may be obtained by calling the Department's Public Information & Outreach Division at 305-594-1500 or 305-514-6714.

Applicants are **strongly** advised to incorporate adequate space in their building plans to accommodate the recycling program (i.e. somewhere for residents to store their recycling carts).

4. Waste Storage/Setout Considerations

Section 15-4 of the Code requires that plans for storage and collection of solid waste be adequate before a building permit may be issued. Site plans must address location, accessibility, number and adequacy of solid waste collection and storage facilities. The site plan legend must contain the following statement: "Facilities for the collection and storage of solid waste are shown in accordance with Section 15-4 of the Miami-Dade County Code."

5. Site Circulation Considerations

It is required that development plans associated with this project incorporate at least one of the following traffic circulation criteria to minimize the reversing of waste vehicles and hence, provide for the safe circulation of service vehicles:

- a. Cul-de-sac with a minimum 49 foot turning radius (no "dead-ends")
- b. "T" shaped turnaround 60 feet long by 10 feet wide
- c. Paved throughway of adequate width (minimum 15 feet)

In addition, any and all alleyways designed with utilities, including waste collection, provided at the rear of the property should be planned in accordance with standard street specifications with sufficient width and turning radii to permit large vehicle access. Additionally, there should be no "dead-end" alleyways developed. Also, a sufficient waste set-out zone should be preserved (between the edge of the pavement and any possible obstructions such as parked cars, fencing, etc.,) that would interrupt or preclude waste collection.

Project Location: The site is located in that area lying north of SW 278 Street, between SW 159 Avenue & SW 162 Avenue, Miami-Dade County.

Proposed Development: The request is for approval of a district boundary change from AU to EUM.

Impact and demand: This application generates up to 52 single family units with an estimated population of 170 which generates a local park space need, based on 2.75 acres per 1,000 population, of approximately .46 acre.

Recreation and Open Space Element policies ROS-2a (i); (ii); (iii); (iv); and (v) provide for the establishment of Miami-Dade County's minimum Level of Service standard for the provision of local recreation open space. This application is in Park Benefit District 3 (PBD) which has a surplus capacity of 219.11 acres when measured by the County concurrency level-of-services standard for the unincorporated area of 2.75 acres of local recreation open space for 1,000 persons in UMSA.

County-owned local parks that are within three miles of the subject application are described in Table A which lists the name, type and acreage for each park.
